

### Space Chamber® with 2 Valve Technology Single Pack

#### Features:

- 2 Valve Technology
- Dishwasher safe
- Reusable
- 1 year warranty
- Autoclavable
- Robust polycarbonate material

Code: SP-SPA-R

### Autoclavable Space Chamber Plus® with Cross Valve Technology™

#### Features:

- Cross Valve Technology™ is designed to provide low resistance, one-way flow during inhalation for improved drug delivery and ease of use
- Transparent chamber allows clear visualisation of valve movement and enables direct confirmation of correct use by patients
- Universal inhaler base fits most pressurised metered dose inhalers (pMDI)
- Multipurpose mouthpiece can be used with standard 22 mm OD mouthpiece fittings for the delivery of asthma and COPD medication
- Not made with natural rubber latex, BPA, PVC and phthalates
- Multiple patient use, can be autoclaved up to 100 times at 134°C for 3 minutes
- Dishwasher-safe
- pMDI can be stored in chamber body
- For use as part of an asthma action plan

Code: SP-SPAP-R

### Breath-Alert® Peak Flow Meter Adult - High Range up to 800L/Min

#### Features:

- Designed to measure asthma symptoms to enable early treatment of asthma and COPD
- Complies with all major international standards for accuracy, reliability and repeatability (Australia, NZ, USA, EU)
- All components made from high grade materials
