COLORS & COORDINATES TELL OUR STORY

Our Designers did most of the leg work so you don't have to! They have tediously color matched our signature patterns with a variety of plains and performance fabrics so when all of the color stories come together in a room, they sing in perfect harmony.

PAINT COLORS
FOR OUR
WOOD FURNITURE

the signature patterns

Our durable 18-ounce linen blend fabrics are carefully rotary screen-printed with VAT dyes for vivid color, saturation, and quality. The rotary process creates the highest caliber of printed fabrics on the market. During the process, inks are forced through mesh screens into the cloth's fibers. The deep penetration holds color better and longer than digital printing. The linen blend weave cloth we print on is heavy, durable and soft-to-the-touch.

the classic coordinates

Color is the cornerstone of our brand so it's no surprise we spend endless hours focused on selecting the perfect pink. Textile designers, colorists, and merchant teams work together to build a robust coordinate collection that includes layers of texture, breadth of materials, and depth of hues—they all "play nice" with each other and coordinate with and without paint colors. Each season, the result is a mix-n-match offering that is easy to use and nothing short of luxurious.
