B6424A Bi-Colour 180° Stack Nest Containers

SOLID SIDES & BASE WITH HAND-HOLES

Moulded in blue & beige the two tone colour is a visual aid to assist with locating either a stacking or nesting position. Each container has a nesting capability of 50% saving on valuable space against an equivalent stacking container.

Designed to inter-work with all Euro stacking containers. They are moulded in HDPE material as standard which is ideal for meat, poultry and fish processors and many other processes.

FEATURES:

- Euro sizes
- 180° Stack Nest
- Two tone for visual aid
- Interwork with Euro Stacking Containers
- 50% nesting saving space
- Durable material

COLOUR:

Blue/Beige two tone as standard.
Alternative colour options for MOQ 500 units.

Bi-Colour 180° Stack Nest Containers

600mm x 400mm FOOTPRINT EURO CONTAINERS

Minimal tapering from rim to base, so layers of product can be uniform. Clever sliding rails ensure that the container locates perfectly every time, even above head height, reducing product damages and back injuries from over reaching. We are able to supply in alternative colour options or materials for production runs of 500 units.

**OPTIONAL B6400
GRILL SEPARATOR**
