H1255 - Double dolly trolley

DOLLY TO SUIT X353 X354 X355 X356 E537 & X300

Interstacking bins are ideal for transporting and storing ingredients. The Mailbox Products dolly, which is compatible with our round interstacking bins, provides a secure platform for moving product safely and with less effort.

The bottom bin fits snugly into the circular recessed area for extra stability. Robust design and four low-level swivel BZP/nylon castors ensure manoeuvrability and long-lasting use.
