M211DH - Stacking Container

STACKING CONTAINER WITH 18mm x 18mm MESH SIDES, MESH BASE & HAND HOLE

Also known as a 30" x 18" tray, the straight internal walls of these stacking containers provide maximum capacity. They offer stable stacking and effective product protection.

They are suitable for storage and distribution across many industries but are particularly popular in food processing and production. The perforated base and sides make them ideal for products requiring ventilation.

CAPACITY:	30 litres
MATERIAL:	HDPE
WEIGHT:	2.0 Kg
TEMPERATURE:	-30°C to +80°C

FEATURES:

- Industry standard size
- Stackable
- Food approved
- Easy to clean
- Hand holes
- Ventilated sides and base
