M726 - 24 Litre Shopping Basket

Nesting Carry Basket With One-Piece Handle

Mailbox Products stacking plastic shopping baskets are nestable for easy storage. Robust design means they are suitable for use in a wide variety of environments, including shops and garden centres.

They are also ideal for non-retail areas such as schools and offices, where they can be used for carrying post, packages and other small items. The one piece folding handle with comfort grip and clever nesting design facilitates efficient space utilisation.

On both long walls they have an area designated to take customer logos & text permanently using our personalisation methods of die-stamping, printing or if a multi-colour finish is required we can provide high quality stickers.
