CHARGING INSTRUCTONS

Please charge the speaker for 3 full hours prior to initial use.

Open the USB Charging Port Cover and connect the micro-USB end of the supplied USB Charging Cable.

Connect the USB end of the charging cable to a 5V USB power source. While charging, the LED will glow red. When charging is complete, approximately 3 hours, the red LED will turn off.

Always ensure the Charging Port Cover is closed tightly after charging.

Playing time is approximately 6 hours per charge.

PAIRING INSTRUCTONS

Confirm Bluetooth is turned ON in your device settings.

Press and hold the Power Button for 3 seconds until LED's illuminate and VMH50IS responds POWER ON.

Open the Bluetooth menu on your device, and scan for available Bluetooth devices. Select "iSimple Speaker" from the available device list.

Once connected, the VMH50IS will respond PAIRED. *You can now play music from your device play list or music apps.*

If you have trouble pairing, turn off the VMH50IS and restart/reboot the device. Once the device is re-started, confirm that Bluetooth is ON. Try the pairing procedure again.

Note: When in Radio Mode, Bluetooth will disconnect. When switching back to Bluetooth, the VMH50IS will auto-connect and respond PAIRED.

HOW TO POWER ON/OFF & CONTROL LED LIGHTS

Press and hold the POWER button to switch speaker On and Off.
When power is On, short press the POWER button to cycle through the various light modes or turn off the LED lights.

ADDITIONAL DEVICE PAIRING INFORMATION

When powered on, the VMH50IS will Auto-Connect to the last device paired if the device is available. When the VMH50IS auto-connects to a device it will respond PAIRED.

You may pair up to 5 devices. To pair additional devices, turn off Bluetooth on any device that is already paired. Turn off the VMH50IS , and then follow the steps above "Pairing the VMH50IS to Your Device".

TROUBLE SHOOTING

Symptoms	Causes	Solutions
VMH50IS won't power on	Low battery level	Recharge the battery
Not able to pair with the speaker	VMH50IS is already paired or not in pairing mode.	Refer to "Wireless pairing section" in the previous page.
Volume too low	Battery is not charged or volume is not set to the maximum on both VMH50IS & media player.	1.Increase the volume via pressing the volume up button. 2.Increase the volume on the media player.
FM Radio Signals	1. To receive optimal FM radio signal, make sure VMH50IS is in an open space, remove from a congested area, or move it away from other electronic devices to reduce the interference. 2. If applicable, plug with the charging cable to use as an external antenna to increase the signal strength.	

SAFETY INSTRUCTONS

1. Please make sure the plug cover is tight before droping into the water.
2. Keep the product away from extreme weather to protect the unit against electric shock, explosion or body injury.
3. Do not use the product in any excessive heat, such as direct sunlight, stoves or open flame.
4. Keep this product out of reach of children.Do not use the speaker at excessive levels as it may damage hearing.
5. Clean the product with soft cloth without using harsh corrosive chemicals. Always unplug from the power source before cleaning.
6. Do not puncture or disassemble the exterior surface of the product in any way.
7. Do not insert any metal object into the device to protect the unit against electric shock.
