

TECHNOLOGY MEETS APPLICATION

Elite-X Blanks

Introducing the new Flagship rod blank of MHX—the Elite X Series. The Elite X lineup offers the most advanced rod blanks in the market by incorporating Mitsubishi Rayon 12K High Modulus Fiber of 57 million modulus featuring the tensile strength of over 442 Ksi. Tying these materials together is an innovative Nano Resin System that works to prevent the compression and impact failures that can be common in other manufacturers' high modulus blanks. This cutting edge blank technology allows these new Elite X Blanks to have small diameters and less weight, while drastically increasing both sensitivity and durability like never before. These are truly the most advanced rod blanks you can build on, and when fishing, you will feel the supreme sensitivity and incredible performance of these superior blanks!

Spinnerbait:

Feel every click from your spinner / buzzbait blades & get a great hook set.

Spin Jig:

From spinning, jigging, to live bait – the MHX Spin Jig rods can do it all!

Worming:

Heavier power options for Bass anglers who throw into dense structure.

Popping:

From Sea Trout to Snook, make your popper scream & entice that bite.

THE BEST ROD BLANK ON THE MARKET.

WHY USE MHX ROD BLANKS?

MHX is the culmination of decades of combined experience in fishing rod manufacturing, custom rod building and fishing.

Incorporating a series of advanced material & manufacturing techniques, application-specific designs, and warranty innovations never before offered to custom rod builders, MHX has become the benchmark for quality and performance.

LEARN MORE AT WWW.FISHMHX.COM

LIMITED LIFETIME TRANSFERRABLE ROD BLANK WARRANTY

MHX again sets the standard with our exclusive limited lifetime transferable warranty. Each rod blank can be registered online with its individual serial number by either the custom rod builder or the end user of the rod. When registered, the blank's unique serial number identifies that rod blank to registrant. If the registrant sells or gives the rod blank or finished rod to another person, the warranty can be transferred to the new owner – an industry first! In order to activate your warranty, you must register your MHX rod blank. Warranty claims will not be accepted without a valid serial number on file.

TRUST MHX QUALITY

APPLICATION SPECIFIC ROD BLANKS

Each MHX blank is designed and produced for specific applications and uses. The design information is listed along with each blank to provide the custom rod builder with usage and application suggestions.

QUALITY CONTROL

Under a 7 point inspection system, blanks are checked for straightness, butt and tip diameter, weight & length – and are deflected to confirm correct power and blank action. This industry leading detailed inspection assures custom rod builders receive a blank which exceeds their expectations.

INDIVIDUAL SERIAL NUMBERS

Once it has passed the quality control stage, each MHX blank is assigned an individual serial number. This assures that every MHX rod you build, fish, buy or sell can be tracked throughout its life cycle from end to end with no concern about warranty issues.

ROD ACTION VS. POWER

ROD POWER:

The "power" of a rod refers to how much pressure it takes to flex the rod. Different rod powers are engineered to efficiently handle a certain range of lure weights and line sizes. To select a rod power that will perform best for you, simply narrow your choices to rods designed to cast the weight of lures – and sizes of lines – you'll fish with most often.

ROD ACTION:

The "action" of a rod is determined by where a rod flexes along the blank. Faster action rods flex mostly near the tip. Moderate action rods flex more near the middle of the blank. Slower action rods flex down into the butt section.

X-Fast - Extra Fast action rods offer a high degree of tip sensitivity and offer faster power during hook set. While it can be used in a variety of fishing situations, it is most popular with single hooks applications like worming and jiggging.

Fast Action - Fast action rods are a great choice when you want a rod for all fishing applications. This is because it is a healthy balance of fast tip and sensitivity, while still providing some forgiving power for a softer hook set.

Moderate Action - With moderate action rods you trade a little less sensitivity for a little more casting range. These are great rods for treble hook applications like crankbaits because the lighter action on hook set keeps the lure in the fish's mouth.

Slow Action - Slow action rods bend most of the way down, and have become much less popular in today's fishing applications due to the technology advances in rod design – but ultra-light and some fly fishing applications still utilize these soft rods.

Elite-Pro Series

MHX retooled the popular Elite Pro Series of blanks by investing in new innovative materials and the advanced Resin systems to match. These performance driven rod blanks utilize 50 million modulus Toray fiber with an exceptionally high tensile strength and now incorporate an incredible Nano Resin system. Boasting reduced diameters without sacrificing any power, the tactical balance and dynamic performance of the MHX Elite Pro Blanks is truly unbelievable in your palm. The remarkable sensitivity in these awesome EPS blanks make great rods for many freshwater applications, like Bass and Walleye, and even inshore applications, such as Redfish and Snook!

Bassing : Great all around bass blank for spinning, cranking, worming, and more!

Walleye : Your new favorite for working bottom bouncers to jigging leeches around rock banks.

Top Water : Work plugs & jerk baits near any structure & use the fast action to walk it into the strike.

All Around : These blanks come in a variety of actions & powers for many applications.

► **MAG TAPER BLANKS**

These traditional fast action blanks have been the core of the bass fishing market. Very stout butt's with softer tips in virtually any length and power necessary. Design and material type make these blanks very sensitive & durable.

 **Worming :** Great choice for dense cover worming & heavier Carolina rig applications through grass.

 **Top Water :** Cast large plugs & jerk baits near any structure & use the fast action to walk it into the strike.

 **Spinnerbaits :** Enough power & action to confidently work spinnerbaits & buzzbaits around dense cover.

 **Jig & Pig:** Enough power to throw jigs into the most dense cover & fast action for great hook sets.

 High Performance Gloss White Finish

CHAMPIONSHIPS ARE BUILT.

► MAG XF BLANKS

We have taken the proven MHX Mag Taper and High-Mod lines and created Extra Fast tapers for those of you that demand these types of actions in your everyday fishing.

We have been testing these models for over a year and their performance is outstanding. With specialty applications in mind like Jerk Baits, Spinner Baits, Chatter baits and Top Water these models will not disappoint.

Jerk Baits : Faster action rods let you work that jerk bait perfectly to lure fish from cover & structure.

Top Water : Fish will not be able to resist the frog & Zara actions generated from our X-Fast tips.

Worming : Perfect choice for lighter worming applications due to the X-Fast action & great hook sets.

Jig & Pig : Enough power to throw jigs into the most dense cover & X-Fast action for deep hook sets.

Hunter Mckamey

HUNTER MCKAMEY

► DROPSHOT BLANKS

The MHX Drop Shot series incorporates innovative designs of both traditional and progressive actions. The multi modulus materials allow us to utilize the correct material in each portion of the blank.

Drop Shot : Use the heavy power to get your drop shot weight down & faster action to hook the bite.

Live Bait : These rods work great when fishing larger shiners or free lining bait - fresh or light saltwater.

Popping : Faster action tops to snap down on that popper & the power to hook & land that lunker.

Worming : Looking for versatility? These rods can also be used for Texas & Carolina rig applications.

► CRANKBAIT BLANKS

The MHX Crankbait series incorporates innovative designs of both traditional and progressive actions. The multi modulus materials allow us to utilize the correct material in each portion of the blank.

Traps : Run your Rattle Traps through grass beds, into stumps & along rock points with ease.

Swimbait : Mod-Fast action & heavier power make for these great light to medium swimbait rods.

Lipped : Long casting lipped crankbait applications with a forgiving action for great hook sets.

Top Water : MHX rods allow you to throw those huge plugs, and walk them perfectly into a strike.

FISH LIKE A PRO.

► SPINNERBAIT BLANKS

Whether slow rolling a bait through submerged structure or ripping a blade across the surface you will be covered with these two application specific blanks. With X. fast tips and powerful butts you have the sensitivity necessary to add the pounds to the live well.

An advanced production process that is second to none creates a series of blanks unparalleled in today's market place. The MHX series are as much as 40% lighter than comparable standard graphite models and incredibly more sensitive.

 **Spinnerbaits :** Works perfectly for fishing Colorado, Willow & Dimpled blade types in cover or any depth.

 **Buzzbaits :** Combining power with sensitivity, throw and work your buzzbait through heavy cover.

 **Top Water :** Rod stores a ton of energy for longer casts, allowing you to walk your Zara right into the bite.

 **Live Bait :** The spinnerbait rod specs also make it a more than acceptable shiner rod, or catfish mudder.

 CHAMPION

► **SPINNING SERIES BLANKS**

Whether fishing farm ponds for Pan Fish or mountain streams for Brook Trout you are covered here with an extensive line of lengths / powers & actions. Light weight & sensitive ,these blanks have been developed for delicate presentations and light line.

Finish: SLATE

Trout : Perhaps the best selection when fishing for local Rainbows, Brookies & Speckled trout.

Streams : Great multi-species rods when fishing lighter spinners, spoons, bait & jigs in streams.

Perch : With lighter power & faster tips, these make great Yellow Perch, Panfish & Walleye rods.

All Purpose : These are great all purpose rods to use when you want a faster action with light power.

► **SPIN JIG BLANKS**

This line has set the mark for all others to shoot for in Bass Spinning rods, while these blanks can be built in either spinning or conventional design. Fast action with light tips these blanks have become a staple in other applications such as light inshore saltwater..

Live Bait : Fish bait with these fast action & medium power rods with bobbers, weights or free line.

Jiggin' : Work smaller tube baits & finesse lures with the power and sensitivity jigging requires.

Twitch : These faster rod tops take in line & helps you work that twitch bait with livelier action.

Drop Shot : Great for vertical drop shooting when light to medium sized weights are ideal.

► **SWIMBAIT BLANKS**

These models have been developed for the serious swim bait fishers that are throwing the large life like baits long distances to cover more water in less time. Capable of launching the largest of lures and working them in a life like manner with the power to get the Hawgs to the boat. SWB956-Blend is a favorite for throwing "A-Rigs".

Umbrellas : Throwing umbrella rigs require rods like these that have the action & power to support it.

Hard Body : Larger lipped swimbaits can really be a problem to cast & work correctly without MHX power.

Soft Body : Huck those huge soft body swimmers & have the action to work them in steady or jerked.

Paddle Tails : Cast big paddle tails around structure knowing you have the power to get the fish out.

► **FLIPPIN' & PITCHIN' BLANKS**

Just the ticket for any Bass fishers Flippin' needs. We have the lengths & powers necessary to arm yourself with the perfect flippin' stick.

Flippin' : Pitch your favorite plastics into dense cover & have enough power to get the fish out.

Jiggin' : Bigger jigs can be up to 2 oz. & these MHX rods give you the power & sensitivity required.

Punchin' : Perfect rods for punchin' a heavy weight through cover & fast action for a great hook set.

Worming' : Great option if you are looking for a fast action & heavy power Carolina fishing rod.

► **INSHORE (POPPIN') BLANKS**

The MHX Inshore Saltwater series incorporates innovative designs of both traditional and progressive actions. The multi modulus materials allow us to utilize the correct material in each portion of the blank.

Live Bait : Use live bait with weight, cork, or free line it – these rods control the fight & land fish.

Jiggin' : Throw your favorite Shakey Head and enjoy the sensitivity of the strike & power to fight.

Poppin' : These rods provide enough support & action to snap your poppin' cork and make it scream!

Top Water: Anglers who enjoy top water will love how easy it is to work twitch baits and walk top water.

High Performance Gloss White Finish

► **SHOOTER BLANKS**

MHX Shooter Series have been designed in shorter lengths and fast actions to build with pistol grips or short rear grips for underhand casting and skipping under cover such as docks, mangroves and overhanging trees.

Tubing : Shorter grip area allows you to flip tube & finesse baits around docks & under tree limbs.

Jigging : These shorter rods can throw larger jigs & still offer the power & sensitivity required.

Top Water : Use the shorter grip area to really snap top water lures & walk them right into a strike.

Trolling : Trolling rods that marry well to down rigging, and medium depth applications.

SURF TECHNOLOGY.

► SURF FISHING BLANKS

This High Intermediate Modulus lineup of Surf/Jetty/Pier & Bar blanks will have every fishery that we can imagine covered. Whether you are eeling in Massachusetts, throwing bucktails in New Jersey or working plugs in Montauk we have the length and model to suit your every need.

We have also kept West Coast Striper anglers and die-hard Inlet and Pier fishermen of Florida in mind. Many years of surf blank designing, building and FISHING have made these the next "Go To" Surf Stiks.

Finish: GLOSS BLACK

The Surf : Hook on an eel & cast it out past the breakers, then have the power to bring it back to land!

The Jetty : Flexible enough to throw bait way out, or work jigs & crankbaits along the rocks and cover.

The Pier : Out-cast your fellow pier fisherman, and have enough sensitivity to feel the strike.

The Bar : Cast your jigs and plugs over the sand bar, and work that cut line to trigger that strike.

► **MHX UV Sleeves**

Balancing performance and style, MHX UV Sleeves are made of moisture wicking polyester microfibers and can be worn as a face mask, neck gaiter, head band and more to have you covered against any fishing conditions

Stock #	Size	Price
MHXHW	MHX UV Sleeve	\$3.95

► **TRAVEL BLANKS**

It will no longer be necessary to step down to an inferior travel blank when you are building a rod for your long range excursions. That's right, MHX has developed an extensive line of Freshwater & Saltwater models to fill your needs.

Freshwater : From Crappie to Musky, there is a MHX travel rod that can fight any freshwater fish.

Multi-Purpose : 3 piece rods great for travel, camping, hiking, or just to keep in the back of your truck.

Saltwater : Not ideal for Marlin, but works great for all light to medium saltwater applications.

Ferrules : MHX Travel blanks feature tip over butt ferrules plus a stealthy slate finish.

► **S-GLASS BLANKS**

These new S-Glass blanks are by no means the S-Glass blanks of the past. MHX has taken the traditional S-Glass woven fabric and incorporated a new hardened resin system along with reduced resin content to create a 21st Century S-Glass blank.

Cranking : Perfect for both lipped/lipless crank and twitch baits.

Spinning : If you throw 1/4 to 3/4 oz. spinnerbaits, you'll love these rods.

Worming : Nice action & power for light Carolina & Texas worming.

All Purpose : A great choice for a really good all around lure and bait rod.

BUILD YOUR NE

► SALMON & STEELHEAD BLANKS

As is the case with all of the MHX series of rod blanks – what truly makes this series of Salmon & Steelhead blanks is the experience level that goes into it's design. Not only do the people designing them know what to look for in a Steelhead & Salmon rod, but they also know how to utilize the materials available and tapers of the mandrels to achieve the specific actions and powers desired for certain applications. With models available for virtually every application, we feel that this series will be one of the most comprehensive lineups in the market.

Finish: SLATE

Drifting : Sensitive enough to feel those soft mouth bites – strong enough to land the fish!

Downrigger : Heavy power to catch a monster – softer action keeps the hook in the fish's mouth.

Hot Shot : A fast action top paired with medium power bottom results in a great deep diver rod.

Bobber Jig : Longer, lighter rods & line that are perfect for casting & working the bobber-jig.

XT ADVENTURE

► HOT SHOT BLANKS

Hot Shotting is an application Salmon & Steelheaders utilize in rivers where they basically back troll a small lipped plug or wobbler. The actions which utilize a light tip and soft upper mid section allow these diving plugs to work in the current properly. This style of blank has also become a favorite of inshore fishers for light saltwater applications.

Drifting : Sensitive enough to feel those soft mouth bites – strong enough to land the fish!

Downrigger : Heavy power to catch a monster – softer action keeps the hook in the fish's mouth.

Hot Shot : A fast action top paired with medium power base results in a great deep diver rod.

Side Planer : Soft action with mid flex allows blank to load well while trolling lure.

Stock #	Size	Pcs.	Line	Lure	Action	Power	Wt.	Butt	Tip	Application	Price

► DOWNRIGGER BLANKS

This selection of Lengths & Powers has been developed for Downrigger applications varying from Chinook Salmon in BC to Lake Trout in Lake Michigan. These models work excellent for all Rigger applications including Planers & Divers.

Drifting : Sensitive enough to feel those soft mouth bites – strong enough to land the fish!

Downrigger : Heavy power to catch a monster – softer action keeps the hook in the fish's mouth.

Side Planer : Soft action with mid flex allows blank to load well while trolling lure.

Bait : Soft tip and mid flex allow for proper fishing of both live and dead baits.

► **MHX MUSKY AND PIKE**

MHX's new Musky & Pike series incorporates the most popular lengths and powers into the same world class blank manufacturing processes as the original lineup. 7' to 9' lengths in the actions and powers that you demand as an angler stalking the fish of 10,000 casts. This lineup includes models developed for Bucktails, Topwaters, Swimbaits, Jerkbait and all of your favorite lures and applications.

Crank Baits : Rods have a strong base power coupled with a softer action for successful hook sets.

Jerk Baits : Choose a fast action to take in line faster & walk that jerk bait into the strike.

Bucktails : Huck those huge spinners around structure & control the fight from hook set to net.

Live Bait : These rods allow you to use huge bobbers & weights with your shiners & cut baits.

BENDING THE BOUNDS OF ROD BLANK TECHNOLOGY

► **MHX LIGHT SALTWATER & HEAVY FRESHWATER**

The MHX Inshore Saltwater series incorporates innovative designs of both traditional and progressive actions. The multi modulus materials allow us to utilize the correct material in each portion of the blank.

Live Bait : Use live bait with weight, cork, or free line it – these rods control the fight & land fish.

Jiggin' : Throw your favorite Shakey Head and enjoy the sensitivity of the strike & power to fight.

Poppin' : These rods provide enough support & action to snap your poppin' cork and make it scream!

Top Water : Anglers who enjoy top water will love how easy it is to work twitch baits and walk top water.

⬡ High Performance Gloss White Finish

Saltwater SERIES

SALT CUSTOM SALTWATER ROD BLANKS

► MHX NEARSHORE SALTWATER BLANKS

With this new exciting Saltwater series of blanks, MHX has utilized some new technology incorporating a new hardened resin system along with full length woven carbon fabric and the new MHX High Pressure Rolling System (HPR).

This along with the fact that each model has been developed more for specific species / applications than just generic designations such as trolling / bottom models. With virtually every Pelagic species in mind, this new line of blanks will soon be your Go-To Saltwater Sticks.

Trolling : Trolling rods that marry well to down rigging, kite spreads, and medium depth applications.

Jigging : Big jigs can be 3 oz. or more, and MHX gives you the power and sensitivity jigging requires.

Bottom : Fish those big weights & baits with confidence, and have the power to control the fight.

Top Water : MHX rods allow you to throw those huge plugs, and walk them perfectly into a strike.

► POWERTIP OFFSHORE BLANKS

These MHX power-tip series of 1 piece offshore rod blanks have been designed to meet the majority of your fishing needs. These revolutionary designs incorporate a tubular glass blank with a solid glass tip. This process reduces the weight considerably from solid glass blanks, yet offers the same durability.

All models are fast tapers with lightning fast tips. The two 4'6" models are designed to fit perfectly into a #2 aluminum butt to give you 6" to 6'6" trolling models.

Trolling : Trolling rods that marry well to down rigging, kite spreads, and medium depth applications.

Jigging : Big jigs can be 3 oz. or more, and MHX gives you the power and sensitivity jigging requires.

Bottom : Fish those big weights & baits with confidence, and have the power to control the fight.

XX-Heavy : These Powertip rods are great for targeting hige game fish with heavy weights & floats.

► HEAD BOAT BLANKS

After a large amount of inquiries about Solid Fiberglass blanks MHX has decided to add a limited series to the product line. This series should be able to cover most of your Saltwater needs and still offer up the most durable rod blanks made.

For generations Solid Fiberglass has been used in situations where high sticking, impacts, inexperienced anglers and ceiling fans have destroyed most other types of blanks. With a hardened resin and fiberglass chop these blanks are as close to indestructible as you can get.

Charter : These rods are extremely durable, and will survive the toughest charter excursion.

Jigging : Big jigs can be 3 oz. or more, and MHX gives you the power and sensitivity jigging requires.

Bottom : Fish those big weights & baits with confidence, and have the power to control the fight.

Trolling : Trolling rods that marry well to down rigging, kits spreads, and medium depth applications.

TARGET MORE FISH

► COMPOSITE SALTWATER BLANKS

This new series will accommodate virtually any angler whether bottom fishing for Grouper, Halibut or trolling for tuna or Wahoo there are models here to fill your needs.

By utilizing 24 Ton Carbon and blending it with Woven "E"-Glass we have produced the perfect actions while being able to maintain smaller diameters and lighter weights than 100% fiberglass blanks and yet the durability will only be surpassed by a solid glass blank.

 **Live Bait :** Use live bait with weight, cork, or free line it - these rods control the fight & land fish.

 **Trolling :** Perfect rod blank choices for trolling bait and lures at all levels for tuna or wahoo!

 **Bottom :** Fish deep and heavy for Grouper & Halibut because you will have the power to bring them up!

 **Boat Rod :** Although light weight, the only blanks more durable than these composites are solid glass.

WHEN PERFORMANCE MATTERS

MHX FLY
WORLD CLASS ROD BLANKS

► **FLY FISHING BLANKS**

Whether you are small stream fishing for Brookies or Tarpon Fishing in the Keys we have you covered. With the addition of the 10' & 11' Switch models, and the new Spey lineup, we have one of the only Guide Series of 1 pc. blanks: 9' – 7wt, 8wt, 9wt & 10wt models for virtually every heavy Freshwater or Inshore Saltwater need. We also have the 8'10" – 11 wt. designed with big Tarpon, King Salmon & Striped Bass in mind.

All MHX fly blanks are built with the same combination of High Modulus Carbon Fiber prepreg, proprietary high strength resin system and unmatched tapers to make them the Fly Rod of choice. Our fly blanks are designed for the serious Professional Angler or the casual Weekend Warrior who demands smooth effortless casting, combined with light weight and accuracy – all at unbelievable prices backed by our industry-leading Limited Lifetime Warranty.

Freshwater : From Brookies & Panfish to Salmon, using dry flies, plugs and streamers.

Saltwater : Tarpon Fishing in the Keys or Sail fishing in Panama – MHX fly does it!

Spey Cast : Amazing top action and base control for an easier, more efficient Spey cast.

Inshore : From Sea Trout & Snook to Redfish, using various fly, critters & crab ties.

High Performance Gloss White Finish

MHXTM NATIVE

► NATIVE FLY FISHING BLANKS

The new MHX Native Series of fly rod blanks introduce the most thoughtfully developed and designed high-performance fly blanks on the market. Made from high-modulus, high-tensile unidirectional carbon, these fly blanks are uniquely designed and meticulously crafted to exceed the performance requirements when fishing for specific species or fishing in particular applications. For traveling convenience, the MHX Native Series fly blanks are available in 4 or 6 piece models, and each model features unique colors selected to coordinate with the desired application. The stunning application colors include Brook Trout, Autumn Red, Storm Cloud, Midnight, Clearwater, Bonefish Silver, Sandy Point, Bluewater, and of course, all models are available in a sharp Satin Black.

 **Freshwater :** From Brookies & Panfish to Salmon, using dry flies, plugs and streamers.

 **Streams & Creeks :** From nymphs to woolly worms, cast to those rock beds and pools with confidence.

 **Saltwater :** Tarpon Fishing in the Keys or Sail fishing in Panama – MHX fly does it!

 **Inshore :** From Sea Trout & Snook to Redfish, using various fly, critters & crab ties.
