SPINNING ROD KIT

Color	SKU #	Blank Description	Handle Kit
<input type="checkbox"/> <input type="checkbox"/>	EDU-SK-60L (B or W)	CRB Graphite 6' 1pc. 2-6#	6" Cork Rear/ 2" Cork Foregrip
<input type="checkbox"/> <input type="checkbox"/>	EDU-SK-66L (B or W)	CRB Graphite 6'6" 1pc. 4-10#	7" Cork Rear/ 2" Cork Foregrip
<input type="checkbox"/> <input type="checkbox"/>	EDU-SK-66M (B or W)	CRB Graphite 6'6" 1pc. 8-15#	7" Cork Rear/ 2" Cork Foregrip

EDU-SK-60L 6 foot 2-6lb. spinning rod kit. This is a great option for panfish, trout, perch and all-around stream and pond applications.

EDU-SK-66L 6 foot 6 inch 4-10lb. spinning rod kit. This is a great option for trout, walleye, and light inshore species. Perfect for lakes and rivers when targeting trout or walleye. Also great for trolling for trout and kokanee.

EDU-SK-66M 6 foot 6 inch 8-15lb. spinning rod kit. This is a great option for large mouth bass and small mouth bass. Also a great option for deep water walleye and inshore applications.

EDU-SK-70ML 7 foot 6-12lb. spinning rod kit. This is a very universal and wide-ranging rod kit. Great option for redfish, trout and other inshore applications. Also a great option for walleye and small mouth bass in large bodies of water.

CORK [C] GRIPS

CASTING ROD KIT

Color	SKU #	Blank Description	Handle Kit
<input type="checkbox"/> <input type="checkbox"/>	EDU-CK-66M (B or W)	CRB Graphite 6'6" 1pc. 8-15#	9" Cork Rear/ 2" Cork Foregrip
<input type="checkbox"/> <input type="checkbox"/>	EDU-CK-70MH (B or W)	CRB Graphite 7' 1pc. 10-17#	11" Cork Rear/ 2.5" Cork Foregrip

EDU-CK-66M 6 foot 6 inch casting rod kit. This is a great option for large mouth bass and inshore applications. Great freshwater casting option.

EDU-CK-70MH 7 foot 10-17lb casting rod kit. This is a great option for a variety of large mouth bass applications. Also performs well for jigging deep freshwater and heavy inshore applications.

MARBLING SUPPLIES

Mud Hole is your marbling supply headquarters! Custom rod marbling is one of the hottest techniques rod builders are using to create stunning works of functional art. The basic premise is to mix an ultra-concentrated marbling pigment with an epoxy finish, then swirl & drag the mixture in varying patterns on butt wraps and guide wraps.
