JESSIE & JAMES

About Us

The Jessie & James brand is inspired by the American Western folklore tale of bandit Jesse James, who was infamously represented as an outlaw “for the people.”

Founder James and his wife Jessie similarly wanted to create a concealed carry handbag for the people - one that was accessible, stylish, and made to empower the everyday woman with a tool for self-defense—and thus, Jessie & James Handbags was born.

We believe every woman can and should be equipped with the ability to protect herself. We aim to balance fashion and function for the modern woman who chooses to carry in her purse. Our handbags are furnished with a lock and key concealed compartment and attachable holster to effectively and discretely store your handgun in a way that can also compliment every outfit.

We’re continually developing our products with our customers for up-to-date offerings to meet the growing demand of women who are taking control of their own safety. Our high-quality bags offer exceptional value so that you don’t have to worry about your most invaluable asset—your safety. Let Jessie & James help you be your own frontier heroine!
