## INSTRUCTIONS:

- 1 Take your two card blanks, measure halfway across the front of both and cut down the middle. Stick both card blanks together to create a gatefold-style card.
- 2 Cut two strips of teal patterned paper to  $3\frac{1}{2} \times 7\frac{1}{2}$ ", edge with a chisel-tip glue pen, cover with Crystallina Sparkelicious glitter, and affix to the base card.
- 3 Trim two strips of Lagoon mirror card to  $3\frac{1}{2} \times 7\frac{1}{2}$ " and affix to the base card using foam pads. Cut two  $3 \times 7$ " strips of teal paper, then cut two strips of white cardstock to  $2\frac{1}{2} \times 6\frac{1}{2}$ ". Place the Floral Lace Border die in the centre of the white strips and cut.
- 4 Place a strip of double-sided adhesive paper behind the die-cut image, remove the backing and affix to the teal paper strips. Cover with Crystallina Sparkelicious glitter to create a glittery background.
- 5 Edge teal paper with a chisel-tip glue pen, cover with Crystallina Sparkelicious glitter and affix to the base card using foam pads.
- 6 Stamp four large Christmas Magnolias and four medium Christmas Magnolias onto teal patterned paper using a clear embossing inkpad, cover with Uptown embossing glitter and heat to set. Fussy cut or die-cut the flowers.
- 7 Ink the centres of the flowers using Peacock Feathers and a piece of Cut'n'Dry foam. Allow ink time to dry then apply dots of PVA glue to the centres of the petals and cover with Crystallina glitter.
- 8 Allow the glue to dry, then pinch the petals down the centre to create a valley fold. Layer two large flowers together, affixing in the centre with 3D glue gel. Repeat so you have two large flowers. Layer two medium flowers together, affixing in the centre with 3D glue gel. Repeat so you have two medium flowers.
- 9 Stamp two large and two medium flowers onto heat-resistant acetate using a clear embossing inkpad, cover with Uptown embossing glitter and heat to set. Cut out the flowers. Apply dots of PVA glue to the centre of the petals and cover with Crystallina Sparkelicious glitter.
- 10 Die-cut four stamen from white cardstock, apply dots of PVA glue to the edges of the stamen, and cover with Jazzy Jade Sparkelicious glitter.
- 11 Pull the petals up on the acetate layers and affix in the centres of the flowers using 3D glue gel. Apply a dot of 3D glue gel to the back of the stamen and affix in the centre of the flower. Add a jewel to the centre of each of the flowers too. Attach the flowers to the base card, as shown, using 3D glue gel.
- 12 Stamp two Dazzling Foliage strands onto heat-resistant acetate using a clear embossing inkpad, cover with Uptown embossing glitter, and heat to set. Cut out the foliage, apply dots of PVA glue and cover with Diamante Sparkle embossing glitter. Affix the foliage behind the flowers using 3D glue gel.
- 13 Die-cut plain diamonds from white cardstock, edge the largest layer using a chisel-tip glue pen and cover with Crystallina Sparkelicious glitter. Die-cut the Fancy Diamond from teal paper. Layer the diamonds together and affix in the centre of the card.
- 14 Finally, stamp 'Birthday' and 'Wishes' onto white cardstock using a clear embossing inkpad, cover with Uptown embossing glitter and heat to set. Cut out the sentiment and affix in centre of card using foam pads.
