

XAVIER Range

The XAVIER range from Johnny's Furniture comes with a unique story for every hand crafted piece. Each piece of timber that goes into the XAVIER range is hand picked for its unique character which in turn results in a in unique product every time. No two pieces of this range are the same and they all exhibit these natural characteristics.

Working closely with our suppliers we carefully and ethically source all of the Acaia wood used in this range. The Acacia timber is sourced and manufactured in Rajasthan, India. All timber used is carefully hand picked and quality controlled from beginning to end of production to ensure it is ready to meet our customers standards.

The XAVIER range pieces may show any or all of the following characteristics:

Unique Live Edge

Curves & Knots

Grain Patterns & Holes

Natural Features

Joins & Colour Variations

Colour Matures Over Time
