

LP490

High-Efficiency Large LED Flashlight

Features

Durable aluminum construction

Long range LPE Optics

Enhanced rubber grip

Heavy duty flashlight

Ergonomic side button

O-ring sealed, IPX4

Operation Instructions

On/Off: Press and release button.

Cycle modes: From High mode, press button to cycle through modes (High/Low/Strobe).

Automatically resets to High mode when off for longer than 5 seconds.

Usage and Maintenance

Battery Replacement: In a dry environment, unscrew the tailcap by turning counter clockwise. Remove batteries. Insert the new batteries into the tube (+) end first. Carefully reinstall the tailcap by pressing lightly while turning clockwise.

Care Instructions: If you know it's going to be a while between uses, we suggest removing batteries from your light and storing your gear in a dry, protected place.
