Operation Instructions

Trigger Lock: To unlock slide the red switch up. To lock slide the red switch down. Trigger will need to be unlocked to turn the light on/off and cycle through modes.

On/Off & Cycle Modes: Press and release the trigger to turn the spotlight on and off. Press and release the trigger repeatedly to cycle through through the modes (High, Low).

Single Press: On/High Mode
Double Press: Low Mode
Triple Press: Off

Charging Instructions

The LP880 operates on a built-in 3.7v 2200mAh rechargeable battery.

Recharge with 5V DC USB charger. Unscrew the back cap and plug the micro-USB end of the charging cable into the charge port. Plug the USB side of the charging cable into a 5V USB charger block, computer or car charger.

The battery indicator light next to the charge port will illuminate RED while charging and change to GREEN once fully charged.

The space above the charging port is for cord storage. Micro USB charging cable (INCLUDED). Spotlight fully charges in 4 hours.
