INVESTING IN BRITISH DESIGN
& INNOVATION

CHELSEA
TRUCK CO

LNDN — SW10

MODEL: BLACK HAWK EXPEDITION

To create the Black Hawk, the Chelsea Truck Company team went back to the drawing board, reimagining each aspect of the vehicle from the ground up. Working with a direct supply of new vehicles from Jeep, they have created an innovative vehicle which takes the commercial US Jeep and using military inspired British design, upgrades and refines it for the European market.

Widened wings at the front and rear, coupled with a redesigned front bumper assembly and four slot grille, give the vehicle an imposing presence. This compelling style extends to details such as the crosshair exhaust system and vented Iron Man bonnet. To complete the overhaul, the Chelsea Truck Co. collaborated with Cooper Tyres to give the Black Hawk tyres worthy of the purpose designed wheels.

Inside, the luxuriously appointed interior contrasts with the Black Hawk's rugged exterior. Quilted leather upholstery in a range of exclusive colours is complemented by hand stitched detailing; a reflection of the precision craftsmanship associated with the Chelsea Truck Company.

At home on the chic streets of Chelsea, the Black Hawk is available solely from the Chelsea Truck Company and selected partners. A limited number of Black Hawks will be built as Expedition Vehicles featuring additional exterior lighting, 3D textured paintwork, extra load wheels and tyres and suspension lift kits, making these Black Hawks a rare and collectable creation.

cap hpi

When purchasing a Black Hawk you are making an investment; an independent assessment of the Black Hawk's value by trade price specialists CAP awarded it a 37% higher residual value than the standard Jeep Wrangler model.

WHEELS

We have been designing and manufacturing wheels for over two decades, over which time our wheels have consistently focused on simple yet striking designs. We create a timeless wheel which seamlessly integrate with the aesthetic of the vehicle to which they're fitted.

TYRES

As the connection between you and your chosen terrain, tyres are arguably one of the most significant factors influencing your driving experience. For that reason, we made Cooper Tires our official partner to ensure our customers have access to the best tyres for their Chelsea Truck vehicle.

COOPERTIRES
