This is a message for all our wonderful friends at Omaze - you are incredible, thank you!

We are delighted to receive a gift of this size. It is a stupendous result. £1 million is going to help us fully fund over a month of Childline support and deliver over 23,000 counselling sessions.

I've been so impressed by the way in which our teams have worked together so wanted to acknowledge that to all of you and to your colleagues in the US.

Our whole executive team, all our trustees and Esther are fully behind our partnership and we very much want to build on the success of Devon and partner with you on future campaigns.

I hope to see you in person to say thank you at some point before long.

With best wishes

Peter
