

Thank you for purchasing the Power Pong Alpha robot.
We have included 12 pre saved drills in memory slots 11-22.
You may create your own drills and/or adjust the pre saved drills to your individual needs. If you like the adjustments you made, please save it before you exit the drill. Please note that spin, speed, and trajectory need to work together when creating or adjusting drills.

All information, clickable links to videos, set up instructions, warranty information and operation manual are available on our website at
<https://www.powerpong.org/pages/setup>

How to set up your Power Pong Robot video:
