**Just spay incontinence:**

- > There are approximately between 2-8 million dogs that suffer from spay incontinence alone per year.

**Dogs in heat:**

- > Approximately 5 million females are not spayed per year, ruining anything they sit, lay, or walk on when they are in season

**Spot marking:**

- > Approximately 8 million male dogs are not neutered per year... that's a lot of ruined furniture!

**House training puppies:**

- > 5.8 million puppies are born in the U.S. every year. All will need house training products every year!
