

How to make

Project # 1657

Sequin Ball

GLITTER BALL

Pack of decofoam balls

Silver glitter

Red glitter

Pva glue

Flat paint brush

2 Plastic bags

SEQUIN BALL

**Cristina Re Raspberry
Satin Ribbon**

Red Sequins

Pins & Scissors

GLITTER BALL:

1. Pour a generous amount of silver glitter in one plastic bag. 2. Repeat step 1 for the red glitter. 3. Then paint a thin layer of pva glue all over a decofoam ball using a flat paint brush. 4. Place it into one of the bags with glitter in them. 5. Tie the plastic bag and shake the bag, until decofoam ball is completely covered in glitter. 6. Allow the decofoam ball to dry. 7. Repeat steps 3 to 6 for the rest of the decofoam balls in the pack.

Tip: You can use these glitter decofoam balls as ornaments for the tree or place them all in a vase to use as a feature on your table setting.

SEQUIN BALL:

1. Start pinning sequins from the centre bottom of decofoam ball. 2. Pin sequins all around decofoam ball until you have one spot left for the ribbon to be pinned. 3. Cut a length of ribbon. 4. Take a pin and thread through sequin, then ribbon ends and pin into the last spot of the decofoam ball.
