

#2450

Book jewellery case

You Will Need

- 1 Paper Mache 'Book' Case
- Reeves Modelling Paste Medium
- Paint in your desired colours, eg. blue for inside
- Sand for 'Pages'
- Red for outside of book
- Yellow for detail
- Paintbrushes

Instructions

Step 1

To make the textured 'pages' mix some sand coloured paint with some modelling paste and apply to the edges of the case. Scrape into this thick layer with the pointy end of your paintbrush to make long lines.

Step 2

Paint the inside of the box while the sides are drying.

Step 3

When box is dry, paint the outside of the box in your chosen colour, varying the colour slightly at the edges if you would like an 'aged' look.

Step 4

When dry add some detail to the edges and spine to make your box look more like a book.
