- ☐ Ribtex – 17mm charm leaf silver x 8
- ☐ Ribtex – non stretch nylon beading
- ☐ Ribtex – ring 30mm
- ☐ Pliers
- ☐ Scissors

DIFFICULTY ●●●

INSTRUCTIONS

Step 1:

Cut 8 x 20cm lengths of nylon. Tie [double knot] 1 leaf charm to the end of each nylon length.

Step 2:

Cut 4 x 20cm lengths of nylon. Tie [double knot] these lengths to a ring at the 12, 3, 6, 9 o'clock positions.

Step 3:

Thread a decorative bead, a glass bead and a second decorative bead. A further 2 small glass beads can be threaded and placed at the bottom of the loop [which will be used to hang the chimes]. Then thread the end back through the decorative beads to secure. Trim excess.

Step 4:

Tie [double knot] the threaded leaves [2 in each quadrant] [from step 1]. Tie at varying lengths.
