DIFFICULTY ●●●

INSTRUCTIONS

Step 1:

Cut strips – 80, 20 cm strips and 80, 25 cm strips.

Step 2:

Using pins and corkboard pin 20, 25 cm strips.

Step 3:

Weave 20, 20 cm strips to create a woven panel.

Step 4:

Hand sew panel [vertical and horizontal strips together] to enable removal of pins.

Step 5:

Pin template on panel.

Step 6:

Machine sew shape of template. Repeat steps 1-6 to create four panels.

Step 7:

Measure the middle of the panel. Sew a seam on either side of the middle of the panel.

Step 8:

Cut panel in half. Repeat step 7-8 on a second panel [total of 4 halves].

Step 9:

Cut 20 cm piece and pin to straight side of cut panel. Sew piece to panel.

Step 10:

Fold piece over and sew again. This acts as binding. Repeat binding to 3 other halves.

Step 11:

Trim excess and position 2 halves on top the full panel. Wrong sides together.

Step 12:

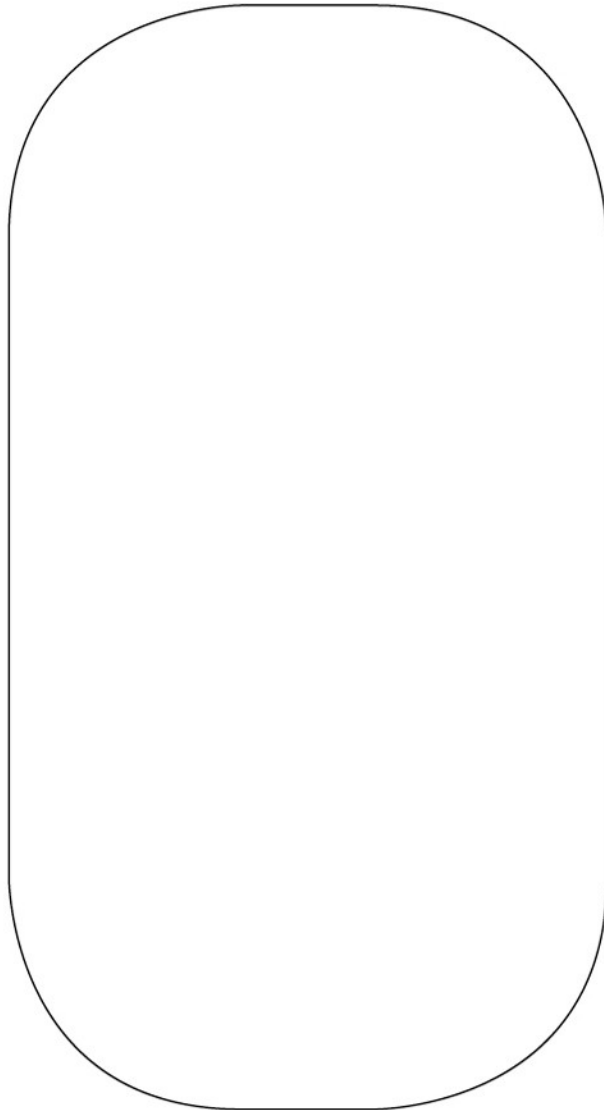

Loosely stitch in place all 3 panels. Cut 90 cm piece and sew binding as described in step 9 and 10. Trim excess [panel and binding piece] before sewing the second time.
