Easter Egg Eggstravaganza

INTERMEDIATE

DIFFICULTY ●●○

Approximate Time of Project: 60 minutes

MATERIALS

Festv Egg Chocolate Mould (wash before use)
Dark / White Chocolate
Mini Marshmallows

EQUIPMENT

Microwave
Fridge
2 x Microwave safe bowl
2 x Teaspoons
Scissors
Zip lock bags small

STEPS

1. Place Chocolate in a microwave safe bowl. Microwave the chocolate in 30 second intervals. Stir chocolate in between each 30 second intervals until all the chocolate is melted.
2. Pour chocolate into zip lock bag. Snip the corner of the zip lock bag. Squeeze chocolate into mould. Use different colours. Use the back of the spoon if you need to smooth out the chocolate. Repeat.
3. Place in fridge for 10 minutes to chill. (This makes it easier to remove the egg from the mould)
4. Gently press the sides of the mould to release the eggs.
5. Place mini marshmallows inside a chocolate egg. Pipe chocolate along the edge of the chocolate egg and cover it with another chocolate egg.
