Love Knot Blanket

INTERMEDIATE

DIFFICULTY ●●●

Approximate Time of Project: 240 minutes

MATERIALS

2 meters Printed Polar Fleece
2 meters Plain Polar Fleece

EQUIPMENT

Fabric Scissors
Pins
Sullivans Quilters Ruler 16.25x16.25cm
Pencil

HELPFUL HINTS

When pulled gently along the grain, the Polar Fleece will curl towards the wrong side.

STEPS

1. Line Printed Polar Fleece and Plain Polar Fleece together with the right side facing the outside. See handy tip.
2. Trim selvage. Pin the 2 Polar Fleece together to help it stay in place.
3. Use Sullivans Quilters Ruler to cut 6 inch squares out of the corners.
4. Cut 1-inch strips, 1 inch wide along the 4 sides. Use a marker to rule this out and then cut.
5. Tie the two pieces of Polar Fleece together in a knot by looping it through and pushing it upwards.
6. Finish tying all the knots on all 4 sides of the blanket.
7. Remove pins used to hold the Polar Fleece in place.
