#C010

Lux Hair Scrunchie

INTERMEDIATE

DIFFICULTY ●●○

Approximate Time of Project: 30 minutes

MATERIALS

1 piece of gold/golden seeds fabric 15cm x 1m
Mustard cotton
Sullivans braided elastic 6mm 30cm

EQUIPMENT

Sewing Machine
Scissors
Ruler
Pencil
Iron/Iron Board
Safety Pin

STEPS

1. Lay the fabric down right side facing up. Fold the fabric in half and sew along the shorter end.
2. Press the seam allowance open.
3. Move the seam towards the left, so it's about 1/3 of the fabric. Flip the fabric so the seam is touching the table.
4. Fold the top layer of the fabric and move it to the center. Fold the bottom layer over the top layer and match up the seams. Hold the fabric so the inner tube doesn't unravel.
5. Sew along the edge and gently pull out the tube as you sew. Leave a 10cm gap.
6. Turn the scrunchie inside out through the hole.
7. Press the tube so it's nice and flat.
8. Cut a 30cm piece of Sullivans braided elastic. Pin a safety pin on the end of the elastic and thread it through the scrunchie whilst holding the other end of the elastic. Knot the 2 ends of the elastic together. Trim the ends of the elastic.
9. Tuck in any raw edges and sew close the gap.
