STEPS

1. Cut 2 lengths 1.5m and 20 lengths 2m long. Place the two 1.5m lengths together and knot the ends.
2. Lay the knotted loop over the coat hanger.
3. Fold each of the 2m lengths in half and knot them over the loop on the coat hanger.
4. Divide them out so there are 10 sitting either side of the hanger.
5. Start macramé:
Row 1: Create 5 square knots 4cm down from the top of the bag on each side (10 square knots in total).
Row 2: Offset 4 square knots 4cm beneath the first row leaving two strands loose at either end. Join the two sides by creating square knots using the four strands sitting next to each other at either end.
Row 3-10: Offset square knots 4cm apart.

6. Knot two strands together at either end. In between these knot four strands together to close the bottom of the bag.
7. Cut all cord to the same length and comb it out to create a fringe at the bottom of the bag.
