**Next Row (RS):** Keeping cable pattern correct, K1, P2tog, work cable to the last three sts, P2togtbl, K1.

Work in the cable pattern established for 3 (2 - 3 - 3) rows.

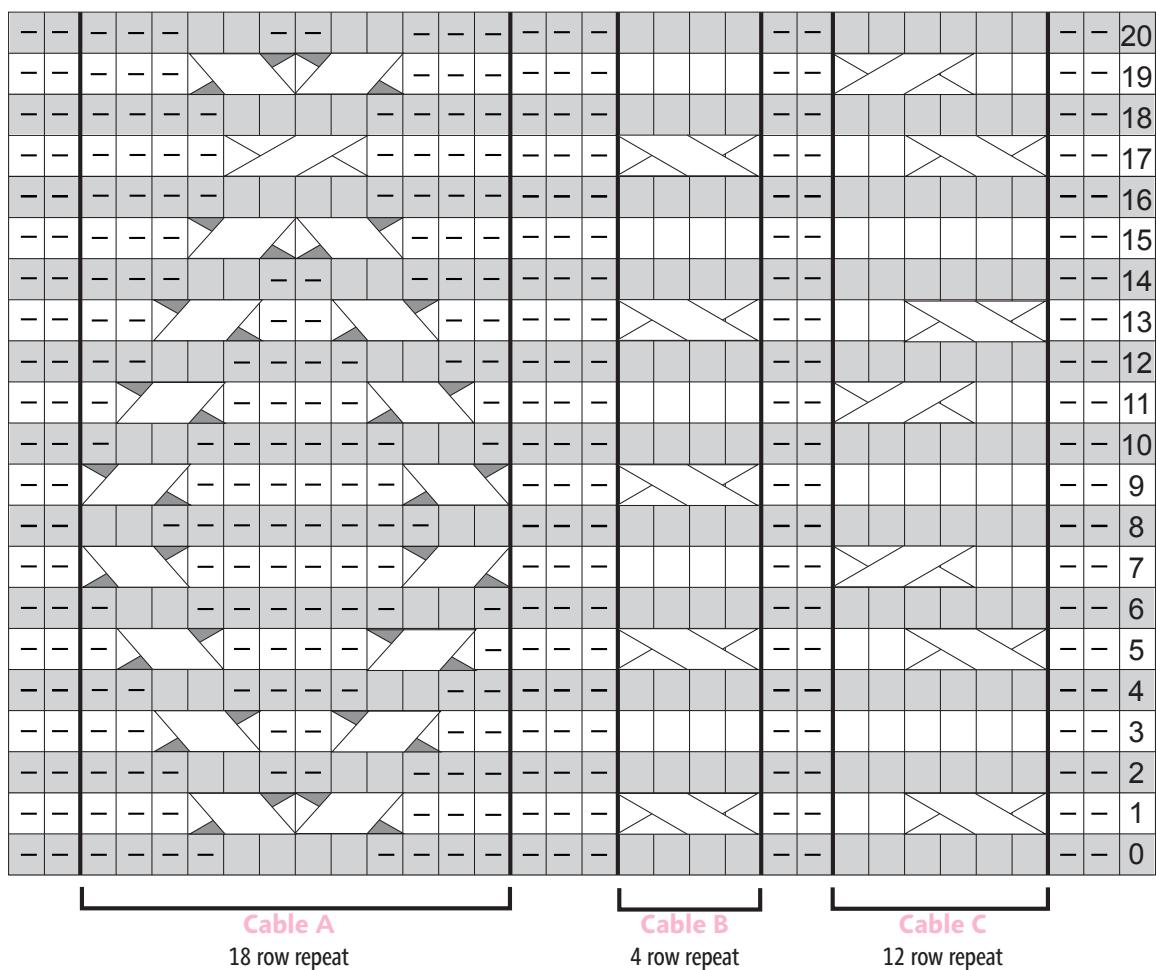

Repeat the last 4 (3 - 4 - 4) rows once (once - once - twice) more.

Continue without shaping, keeping cable pattern correct, remembering that **Cable A has an 18 row repeat**, work until the sock measures 17 (8 - 12 - 23) cm from the beg ending on a WS row.

**ITEM A:** Lining and Sock, ready for assembly

ITEM B: Cable Chart for Socks

**TO READ A CABLE CHART:** Work RS rows from right to left and WS rows from left to right. Work reverse stocking st in between each of the cables for the number of sts referenced in the pattern, please note these vary between sizes.

**KEY**

- = RS Knit
- = RS Purl
- = WS Knit
- = WS Purl
- = 2/1 RPC
- = 2/1 LPC
- = 2/2 RC
- = 2/2 LC

**IF CALF HAS BEEN ADJUSTED:** If altered your calf width before, add or remove the extra sts when your work measures 12 (3 - 7 - 18) cm

### Turning Heel:

**Next row (RS):** Work as normal until the last 18 (16 - 17 - 19) sts, place a marker. These sts are for the heel and will be worked in stocking st, while the cable pattern continues to be worked in reverse stocking st as before.

**Next row:** Purl until the marker and work in pattern until the end.

Repeat these two rows one more, place all the sts before the marker on a stitch holder and continue working the heel stitches only. \*\*\*

**IMPORTANT NOTE:** To avoid creating holes in your work when turning short rows, we recommend using the "wrap-and-turn" technique:

Knit to the spot where you wish to turn. Slip the next stitch on the tip of the left needle to the right needle and bring the running yarn around the slipped stitch. Replace the slipped stitch onto the left needle and then turn the work

### Women's and Men's Sizes Only:

**Row 1 (RS):** K17, W&T

**Row 2:** P16, W&T

### Start here for sizes 2-5 and 6-10 year old.

**Row 3:** K14, W&T

**Row 4:** P12, W&T

**Row 5:** K10, W&T

**Row 6:** P8, W&T

**Row 7:** K6, W&T

**Row 8:** P4, W&T

**Row 9:** K6, W&T

**Row 10:** P8 W&T

**Row 11:** K10, W&T

**Row 12:** P12, W&T

### Women's and Men's Sizes Only:

**Row 13:** K14, W&T

**Row 14:** P16 W&T

### All Sizes:

**Row 15 (RS):** Knit across all of the heel sts and continue knitting across the cable panel on the st holders following the pattern, picking up and working the wrapped stitches with those they were knitted with.

Keep working the cable in the correct pattern and the heel sts in stocking st until the work measures, 17 (10 - 12 - 20) cm from the corner of the turned heel ending on a WS row.

**ADJUSTING FOOT LENGTH:** To lengthen or short the total sock length, the work will measure your foot length minus 3 cm.

Put half of the remaining stitches 21 (16 - 18 - 21) sts onto a st holder and knit 1 row.

### TOES

**Next Row:** Working in stocking st for the rest of the work, cast off 3 (2 - 2 - 3) of the remaining sts at the beg of the next row. Repeat this row 3 more times, 9 (8 - 10 - 9) sts remaining. Cast off.

Returning to the sts on the stitch holder, join a new end of yarn to the work. Cast off 3 of the remaining sts at the beg of the next row. Repeat this 3 more times ... 9 (8 - 11 - 9) sts remaining

This knits the left sock, to knit the right sock flip the pattern so that the heel sts are worked at the end of the RS row and mirror the cabling so that the cables are worked in reverse, i.e. CABLE C, CABLE B, CABLE B, CABLE A. All stitching in between the cables is worked in a mirrored fashion as well.

### RIGHT SOCK:

#### Calf Cable Panel:

Work for left sock up until \*\*
