make

Lincraft

Woven Hearts

#A158

YOU WILL NEED

- A4 sized Felt pieces in your chosen colours (you will get 2 complete hearts out of each piece - so mix and match colours to create your own colourful heart)
- Sharp scissors
- Hole punch (optional)
- Ribbon (optional)

DIFFICULTY ●●●

INSTRUCTIONS

Fold the felt piece in half so that the long sides meet, and using the template below, cut 4 heart halves on the fold.

Carefully cut from the folded edge towards the curved edge 3 times (you will now have 4 sections for weaving).

Follow the diagrams on the template to weave both halves together.

You can fill the hearts with soft fill and sew them closed or leave them open as a basket and fill with a treat.

To hang, either sew on a ribbon or embroidery thread.

TEMPLATE

Place this edge on the fold when cutting
