Cabled Hem Beanie

INTERMEDIATE KNIT

A fun update to the classic, cuffed beanie, we've created a pattern with a simple, cabled hem. Worked in the round from hem to crown, the cabling is worked from the wrong side before being turned up for the cuff. This pattern is great for knitters who want to try out a new technique or want to create something a little special. Shown here is our medium sized beanie.

NOTE: This pattern is written for our S Adult's size, all stitch counts and references for other sizes are written in brackets for easy reference. They are as follows, S (M - L)

Casting On:

Using 4.00mm dpns or circular knitting needles, cast on 90 (100 - 110) sts dividing evenly between three needles if using dpns. We recommend using the long tail method for a clean edge. Join to begin working in the round taking care not to twist.
