Basketweave Rug in
Three Sizes with Fringe
EASY CROCHET

The Basketweave stitch is one of our favourite ways to add texture and structure to projects. Crocheted holding two ends together, the result is a rug that's durable enough for daily traffic but still plush underfoot. Worked up in our Makr Cosy Yarn, the result is a cost effective way to get a luxurious, wool rug into your home. The rug shown here is our Mat size.

FRINGING (OPTIONAL)

To add fringing to the rug, begin by cutting equal lengths of yarn. Fold three strands of yarn for one fringe, forming a loop at one end.

Take your hook and ins the hook from the back of the work, draw the loop through the edge stitch of one end of the scarf. Secure the fringing by pulling the ends of the yarn through the loop.

Repeat this process on every third stitch until the end of the row.

Repeat for the other end. You may comb out the yarn to create a fluffier fringe.
