### FRINGE

Using 'Natural' yarn and 'Harvest Gold' yarn.

Cut strands of yarn double the length of your desired fringe length. For example if you'd like your fringe to be 5cm long you will cut 10cm lengths of yarn.

To attach fringe, hold 2 strands of yarn together (one of each colour) ensuring they are even. Fold them in half, insert your crochet hook through the stitch you would like to attach your fringe to, place the loop created by folding your yarn in half onto your hook and pull through. You can then use your fingers to pull the loose ends of yarn back through the loop to secure.

Repeat this process all the way around for both coaster and placemat.

### FINISHING

Take hairbrush or carding comb and brush out fringe to create 'feathered' look.

You may like to block your placemats and coasters if you find they're not laying flat.

Sew in any remaining ends.
