Angel Tree Decoration

EASY KNIT

This is easy knitting and a fun Christmas Craft project. The angel parts are made using a simple wrap and turn knitting technique in a basic knit stitch. It is knitted in three parts; the head, wings and body, which are all made in different colours. Chenille sticks provide some structure to the centre of the angel, and also become its halo. Try mixing and matching contrast colours between all the parts so you can create a variety of angels as we have shown.

TO FINISH

Shape the Chenille stick into a halo at the top, leaving about 12-13cm for the spine. Leave enough remnant to wrap at the base of the halo circle so the halo shape stays.

Sew the bottom portion of the Chenille stick (halo spine) onto the centre of the wings.

Fold the body in half and place on top of the wings.

Place the head on top of the body.

Sew the head and the body onto the wings with about 4 slip stitches; about 1cm either side of the centre of the chenille spine.

Fold the head up towards the spine. Turn the angel around, and sew the spine onto the back of the head. Leave a thread to create a hanging loop.
