This is a picture jacquard motif knitting technique, so the yarn is twisted around each other in the back of the knitting when changing colours. The front and back have different picture designs, and the design is finished off with Iron on Stones & Studs to add some extra Christmas sparkle, while tassels are added to the corners for some extra festivity.

NOTE: This pattern is written in British English. All measurements in charts and instructions are in cm. For conversion from centimetres to inches please divide by 2.5cm. Please be aware that there are different terms for crocheting and knitting in American and British English, if in doubt, we've included a list of common abbreviations.

Please use only the yarn specified. Another yarn is likely to yield different results. Quantities are approximate as knitting styles may vary between knitters. Check the ball bands to ensure all yarn is from the same dye lot.

CUSHION

FRONT & BACK

Start with Colour 15.

Cast on 102 sts.

Starting on the Right Side work stst, following the colour changes on the picture graph for Front & Back until you have 68 rows on the front and 67 rows on the back.

Cast off.

TO FINISH

Join Front and Back at the Bottom.
Align the bound-off edges of each piece with the Right Sides facing you. Starting at one side side your needle under both legs of the first knit stitch, just underneath the bound-off edge. Then repeat the same motion on the first stitch on the mirroring side. Work back and forth in this manner along the seam.

Joining Front and Back at the Sides

Use the Vertical invisible Seaming method to join the sides.
Place cushion inside.

Close off Front and Back seams at the Top

Use the same seam technique described for the Bottom.

TASSELS:

To make tassels wrap Col 14 yarn around the palm of hand about 50 times to make a skein. Take skein off the hand, and secure one end by wrapping a thread around several times, and tie a secure knot, leaving about 2cm loops at the edge. Trim the other end.

IRON ON STONES AND STUDS

Position where you want sparkly stones, and iron on following the instructions on the packaging.
