Bobble & Spot Sweater

INTERMEDIATE KNIT

This charming patterned sweater is made on straight needles as separate front, back and sleeve pieces working from the bottom up. The pieces are connected at the neck yoke with a circular needle in a rib pattern. Using a fair isle technique for the spots with contrast colour changes, and alternated with a stockinette bobble pattern repeat in the main colour; made in our Speckl-d yarn which has bits of tufts and specks of colour, creates a really lovely textured knit.
