Reduce/enlarge gift bag template and print onto the back of patterned paper.

Use eyelet setter to punch holes and set eyelets in position as marked on the template.

Punch a tag using the squeeze punch. Punch a hole in the top of the tag using an eyelet setter. Sand the edges of the tag.

Thread a piece of ribbon through the tag and thread through the eyelet holes on the gift bag. Knot the ends. Thread another piece of ribbon onto the other side of the gift bag.

Cut two flowers using the shapecutter and the flower shape template out of two coordinating patterned papers. Sand the edges and adhere over the top of each other. Adhere to front of gift bag.

Embellish centre of flower and tag with Cloud9design® embellishments.
