Project of the month :
Urban Living Apartments, North West

A stunning Doppler lift installed by Jessen Lifts at Urban Living Apartments.

Lift specifications:

- 5 stop, 1250kg,
- MRL traction
- automatic rescue device in the case of power-failure,
- remote monitoring of the controller for fault codes enabling preventative action,
- fitted cabin camera preventing abuse of the lift.

The contract included all building related works around the entrances, a successful **turnkey** solution.
