## NEXTGEN PARAPET ROOF ANCHOR™

### PRODUCT FLIER

The NextGen Parapet Roof Anchor™ is designed for workers in need of a quick tie off point for leading edge work, overhead tie off work and for tandem use with horizontal lifelines (HLL's) for greater mobility. The Parapet Anchors are a single point tie-off for Fall Arrest. They are durable and include safety pins for secure set up. They work with lanyards and retractables. The Parapet Roof Anchor system is rated for 5000 lbs. to comply with OSHA standards for guardrail and anchor points. It can be used with shock absorbing lanyards, rope lifelines, and self-retracting lifelines (SRL's). It can also be used in horizontal lifeline systems. The system guardrail clamp adjusts to wall widths between 4" and 16". The Parapet Anchors can be used for interior work as well.

### Features

- Single point tie-off anchor for fall arrest
- Includes a safety pin for secure setup
- Rated for 5,000 Lbs.
- Incorporate a horizontal lifeline for one worker
- By using the adjustable screw, this Parapet Guardrail Clamp adjusts to wall widths between 4" to 16"
- Complies with OSHA 1926.502(d)(15)
