

UPNEEQ

Post-Treatment

Apply Upneeq to your affected eye(s) in 2 easy steps

1. Cut open foil wrapper and remove single-use vial
2. Apply one drop of Upneeq in each affected eye as directed, once a day – Do not let the tip of the vial touch your eye or any other surface – Vials should not be re-used after opening and should be thrown away after applying drop(s)
 - If you wear contact lenses, remove them before applying Upneeq eyedrops ◇You may put them back in 15 minutes after applying Upneeq
 - If more than one topical ophthalmic drug is being used, the drugs should be administered at least 15 minutes between applications

IMPORTANT SAFETY INFORMATION

Tell your provider if you have any side effect that bothers you or does not go away. Call your provider for medical advice about side effects. To report side effects or product complaints, contact RVL Pharmaceuticals at 1-877-482-3788. You may also report side effects to the FDA by calling 1-800-FDA-1088 or visit www.fda.gov/medwatch.

Follow instructions provided with your Upneeq kit. Call our office immediately if you experience signs of an eye infection (redness, discharge, pain, etc.) or blurred vision.
