

NITRILE EXAMINATION GLOVES

Neobex Premium Thickness 5.5 mil

100 gloves / box
10 boxes / case

Compliant with ASTM D6319, ASTM D6978, FDA 510(K) & Health Canada

In the heart of the Covid-19 pandemic, where markets were struggling to meet global demand faced with shortages and supply difficulties, Neobex developed a quality brand of medical gloves to be part of the growing movement to bring safe and quality medical equipment to its users and facilitate access to health care.

These high-end gloves provide maximum protection against unwanted dangerous diseases in environments with the highest risk of contagion. They are resistant to puncture, abrasion and snag. These gloves are also very commonly used in biohazardous environments, ideal for healthcare workers, first responders, dental offices, beauty treatments and nursing homes.
