Hear now. And always

As the global leader in implantable hearing solutions, Cochlear is dedicated to bringing the gift of sound to people with moderate to profound hearing loss. We have helped over 450,000 people of all ages live full and active lives by reconnecting them with family, friends and community.

We aim to give our recipients the best lifelong hearing experience and access to innovative future technologies. For our professional partners, we offer the industry's largest clinical, research and support networks.

That's why more people choose Cochlear than any other hearing implant company.

* Nucleus 7 with Aqua+ is water resistant to level IP68 of the International Standard IEC60529. This water protection rating means that the sound processor with the Aqua+ can be continuously submerged under water to a depth of 3 metres (9 feet and 9 inches) for up to two hours. This water protection only applies when you use the Aqua+ and LR44 alkaline or nickel metal hydride disposable batteries.

Further information, precaution and warnings, please consider to read instructions for use.

Please seek advice from your medical practitioner or health professional about treatments for hearing loss. They will be able to advise you on a suitable solution for your hearing loss condition. All products should be used only as directed by your medical practitioner or health professional.

Not all products are available in all countries. Please contact your local Cochlear representative.

THE JOY OF HEARING found

KANSO®
Sound Processor

Hear now. And always

Kanso for kids

It's natural to want nothing but the best for your child. The Nucleus® Kanso® is a simple yet smart sound processor that provides off-the-ear freedom – so your child can play, learn, and connect to their world with confidence.

Simple

The Kanso Sound Processor's robust, simple one-button design means there are no cables or anything on the ear for you – or your child – to worry about.

Smart

Kanso is the only off-the-ear sound processor that features dual microphones and SmartSound™ iQ with SCAN technology – which is designed to automatically make hundreds of decisions about your child's hearing performance every day so that you don't have to.

Discreet

As the smallest and lightest off-the-ear sound processor on the market*, the Kanso Sound Processor provides comfort and freedom.

Wearing options for an active lifestyle

With the Kanso Sound Processor, you'll feel confident that your child can continue to hear their best as they go about their active day.

Snug and secure

The Kanso Sound Processor is designed to fit snugly and securely against your child's head. If extra security is needed, Cochlear's headband and hairclip can help provide more stability for your child and more peace of mind for you.

Make a splash

With the Nucleus Aqua+™ for Kanso accessory you can rest assured that your child can swim, paddle and play in the water with confidence, knowing their sound processor is safe and their hearing uncompromised.

Reassurance on the go

With the discreet and handy remote assistant, you can manage your child's hearing easily, even while they are on the go.

Helping your child do more of what they love

The Kanso Sound Processor and Cochlear's True Wireless™ technology bring your child closer to all their favourite activities.

The joy of music and phone calls

With the Cochlear™ Wireless Phone Clip your child can stream educational programs, favourite songs and phone calls with family directly to their Kanso Sound Processor from a smartphone or tablet.

Clarity in learning

Helping your child hear better over distance and in noisy situations, Cochlear's Wireless Mini Microphone delivers every word straight to your child's sound processor, so they won't miss any important information from their teacher or coach.

Watching TV

Whether your child uses the TV to play games or watch their favourite programs, they can stream sound from the television straight to their Kanso Sound Processor using the Cochlear Wireless TV Streamer.

“Don't think twice, the Kanso is a great size, very convenient to wear, easily hidden, decent battery life and great sound processing.”

Parent of Kanso recipient

“With Kanso there is no stress for us while our daughter runs, jumps, dances or plays.”

Parent of Kanso recipient

“Thanks to the Mini Microphone, he went to the top of his class.”

Kirsten B, mother of Quinten, Cochlear Mini Microphone user
