

## Technical specifications

Dimensions	Height: 90 mm (3.54 inches)
	Width: 36 mm (1.42 inches)
	Depth: 62 mm (2.44 inches)
	(2 DIN modules)

Positioning	DIN rail case
-------------	---------------

Power supply	12/24 V AC/DC 0.1 A
--------------	---------------------

Internet connection	Ethernet cable
---------------------	----------------

Compatible BTicino gateway	MH200, MH200N, MH201, MH202, MH4892, MH4892C, MH4893, MH4893C, F450, F453, F453AV, F454, F455, F458, F459, H/L4684, LN4980, MyHomeServer1
-------------------------------	--

Accessories	149 for every Easykon. You can install more than one Easykon on the same system.
-------------	---

## Connections

- Alimentazione 12/24 V AC/DC 0,1 A
- Cavo Ethernet RJ45

## Certifications

- Apple HomeKit
- Google
- Amazon Alexa
- IFTTT
- Home Assistant

## Suggerimenti

- Do not use the BUS cable as power supply.
- If you have several bus lines connected to each other via F422, connect the gateway on the main line.
