EasyLobby®
Secure Visitor Management
Professional Services Packages

ENSURE SMOOTH DEPLOYMENT AND MAXIMIZE POTENTIAL OF YOUR EASYLOBBY SECURE VISITOR MANAGEMENT SOLUTION

■ **Successful delivery** – HID Professional Service Packages can assist in project planning from start to finish. This consultative approach identifies technical complexities and risks up front – finding the best integration pathways, providing options, and deploying the right solution to ensure success.

■ **Enhanced customer experience** – You will receive personalized service from a dedicated HID Professional Services team member who will work with you to not only ensure best practice deployment, but also train your operators to easily manage the EasyLobby solution.

■ **Increased cost efficiency** – HID Professional Services will help you determine what aspects of project implementation and integration are necessary and what can be deployed down the road so that you can make the right decisions for your organization.

HID Professional Services™ are sold and delivered through the Advantage HID Channel Partner™ network, together with other Genuine HID products and solutions.

Our goal is to deliver complete solutions, ensuring they will be fully operational, deployed according to best practice, on-schedule and on-budget.

The HID Professional Services™ team is committed to accelerating value and reducing your business risks through successful implementation of Genuine HID® solutions. HID Professional Services for EasyLobby are affordably priced and provide high-value deployment assistance services that ensure customer satisfaction from installation through operator training.

The HID Professional Services team will help you identify trouble spots in your deployment and help to correct them before full implementation. Our team can walk you through critical components of a successful EasyLobby Visitor Management Solution deployment, such as:
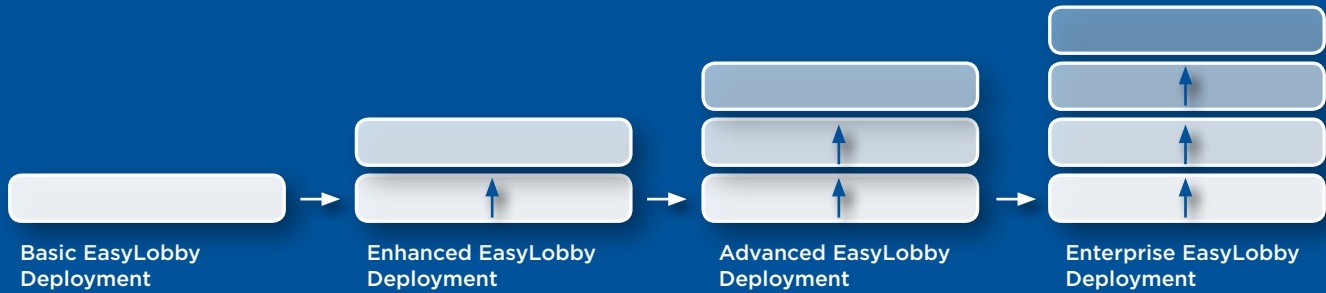

• Installation review

• Cross-compatibility checks

• Internal database linking

• Integration strategies

• Working with internal stakeholders

Our professional services are all backed by a CISSP certified team who has the experience and expertise needed to ensure successful on-time and on-budget delivery.

Dependent on the type, size and complexity of your deployment, HID Professional Services packages for EasyLobby focus on the core elements of your implementation needs. Regardless of the package you choose, HID Professional Services provides a consultative edge that can help you successfully navigate the inherent difficulties of the deployment phase and provide in-depth training for your operators.

From high-level planning to integration to ground-level training, HID Global's certified consultants can help you reduce risk of costly errors and truly maximize the power of your investment.
