

### New Solutions for End-Users:

- ▶ Compatibility between Partner offerings supports the seamless use of HID technology-enabled cards for multiple applications.
- ▶ Dedicated web pages with quick links make it easy to find available solutions.
- ▶ Global coverage means finding the right solution anywhere in the world.
- ▶ Meet face-to-face with HID Connect Partners to discuss your specific needs.
- ▶ Be assured that the hardware or software solutions you choose will be compatible with HID cards.
- ▶ Thinking about what read/write technology can do for you? iCLASS Development Partners provide a wide range of value-added solutions.

**Extend the use of your access control card beyond the front door. With HID Connect, it's easy.**

### Support for Development Partners:

- ▶ HID helps to build end-user and channel awareness of Partner offerings through:
  - Website Listings
  - Case Studies
  - Tradeshows
  - Referrals
  - Solution Seminars
- ▶ The HID brand and installed card base equates to a ready-made market for Partner products.
- ▶ OEM Development Kits, technical integration support, and access to technical documentation help Partners to streamline development efforts.
- ▶ Software Licenses support the creation of new software-based applications.

**Join HID Connect to create hardware and software-based solutions that use HID secure credentials to solve business problems.**
