## The Plastic Card Rack

Simple Convenience From The Plastic Card Experts!

The Addressograph Plastic Card Rack is the simple solution for storing and handling Addressograph identification cards. The two position rack stands at either a 35° or 55° angle and each unit features a dove-tail slot which allows racks to be joined together. The Rack can also be easily mounted on the wall.

Each rack holds up to 35 Addressograph CR55, CR80, or CR100 plastic cards. Tough, durable and easy to clean, Addressograph Card racks are available in either light gray or dark gray finish.
