F Tap to Live View Selected Channel

G Channel Settings

H NVR Settings

I Tap to Enter Multi-Cameras Live View

LIVE VIEW WITH AUDIO

Defender Empower App

From the Live view screen, tap on the channel you wish to hear audio from > Tap the speaker icon  to turn audio on. Repeat for each channel.

Please Note: Audio can only be heard from one channel at a time.

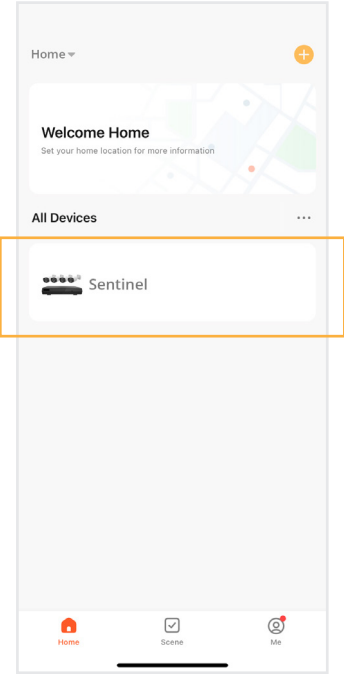

TWO WAY TALK MODE*

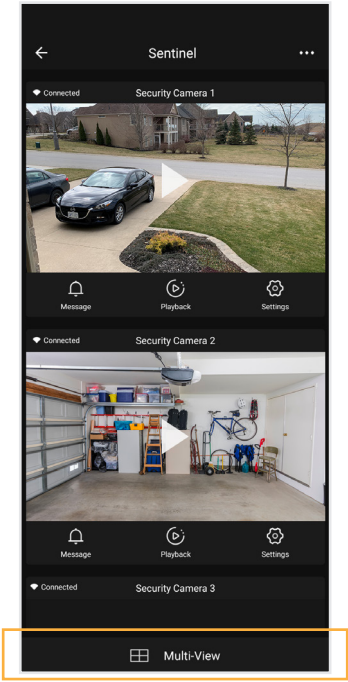

From the Live view screen, tap on the channel you wish to speak through. Press and hold the microphone  to speak.

**This feature may not be available with all models using the Empower App.*

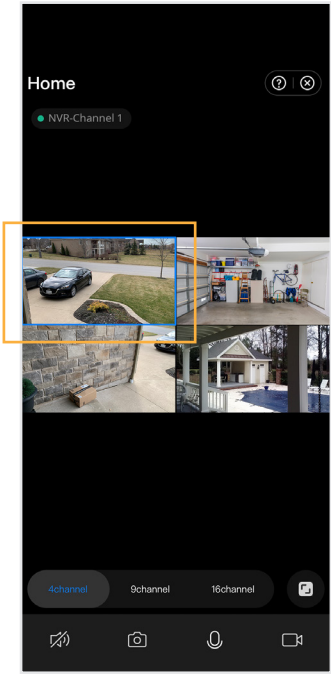

HOW TO LIVE VIEW IN HD & ZOOM IN FROM MULTI-VIEW

From the home screen, select your device.

Tap on 'Multi-view' to load all your cameras.

Double tap the camera view you wish to view in HD, press and hold on the image for two seconds to bring up the high-definition view.

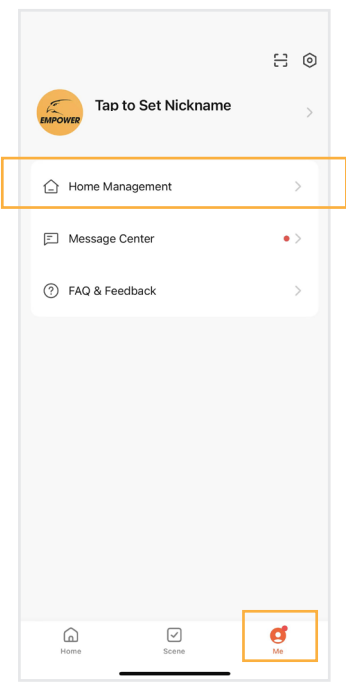

High-definition view.

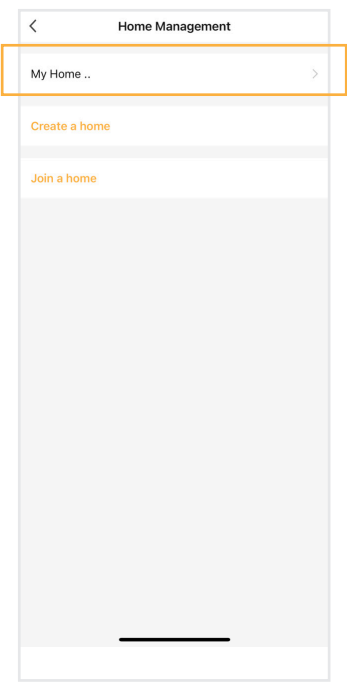

From the HD screen, zoom in and out by placing two fingers on the screen near each other and spread them apart to zoom in or pinch them together to zoom out.

SHARE APP ACCESS

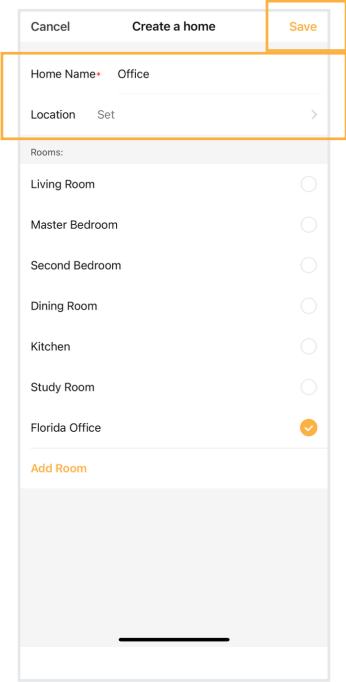

IMPORTANT: Before sharing App Access, each user will need to download the DEFENDER EMPOWER APP and create their own account.

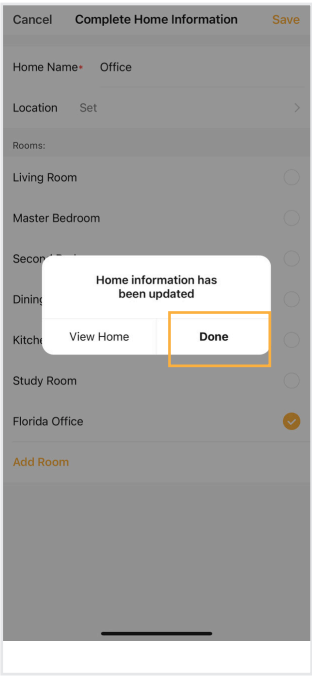

Launch your App and tap on 'Me' then tap 'Home Management'.

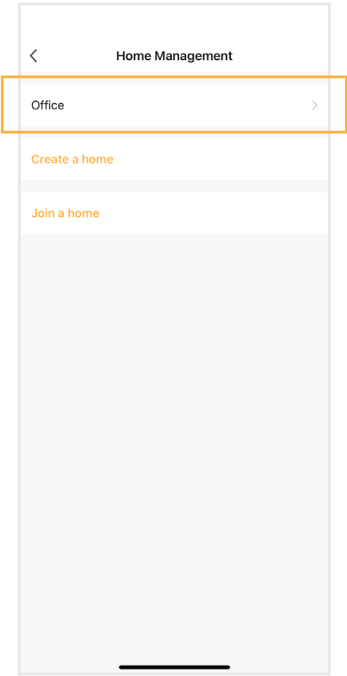

Tap 'My home'.

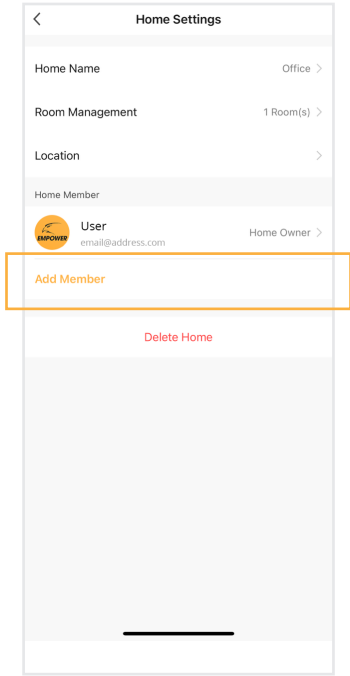

Enter a Home Name and Location. Select only one 'Room' location or create a custom room by tapping "Add Room". Tap 'Save'

Tap 'Done'.

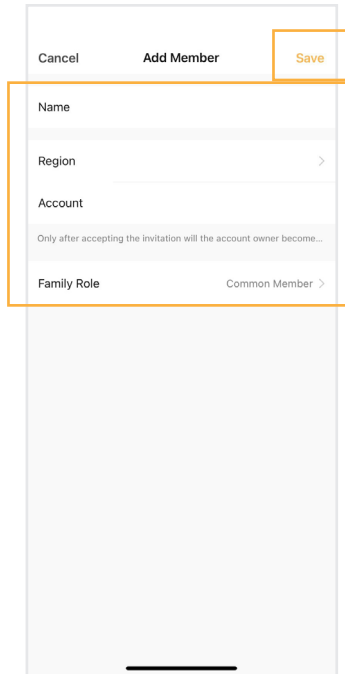

Tap on the device location you would like to share.

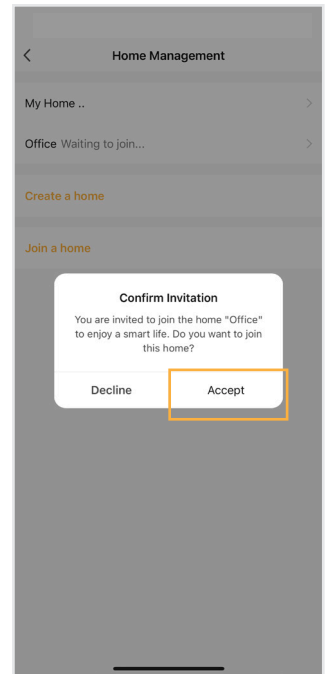

Tap 'Add Member'.

Tap the Defender Empower App account.

Fill in the other user's account information to share App access, then tap 'Save'.

The other user is required to tap 'Accept' to confirm the invitation.
