

Tech Traveler - for 16" and smaller laptops

The all new Tech Traveler represents a thoughtfully executed response to the unique needs of the professional business traveler. The clever design incorporates an airport friendly computer compartment that precludes the need to remove the laptop at security checkpoints. The unique Cooldeck allows you to comfortably work directly from the case. Nearly a dozen strategically sized and located pockets accommodate all of your digital accessories, travel documents and files. Rugged Ballistics nylon, comfortable padded handles, elegant design.

Features
