

SPRING/SUMMER 2022

CORPORATE SALES LOOKBOOK

TOPO
DESIGNS

Customized gear, sustainably made.

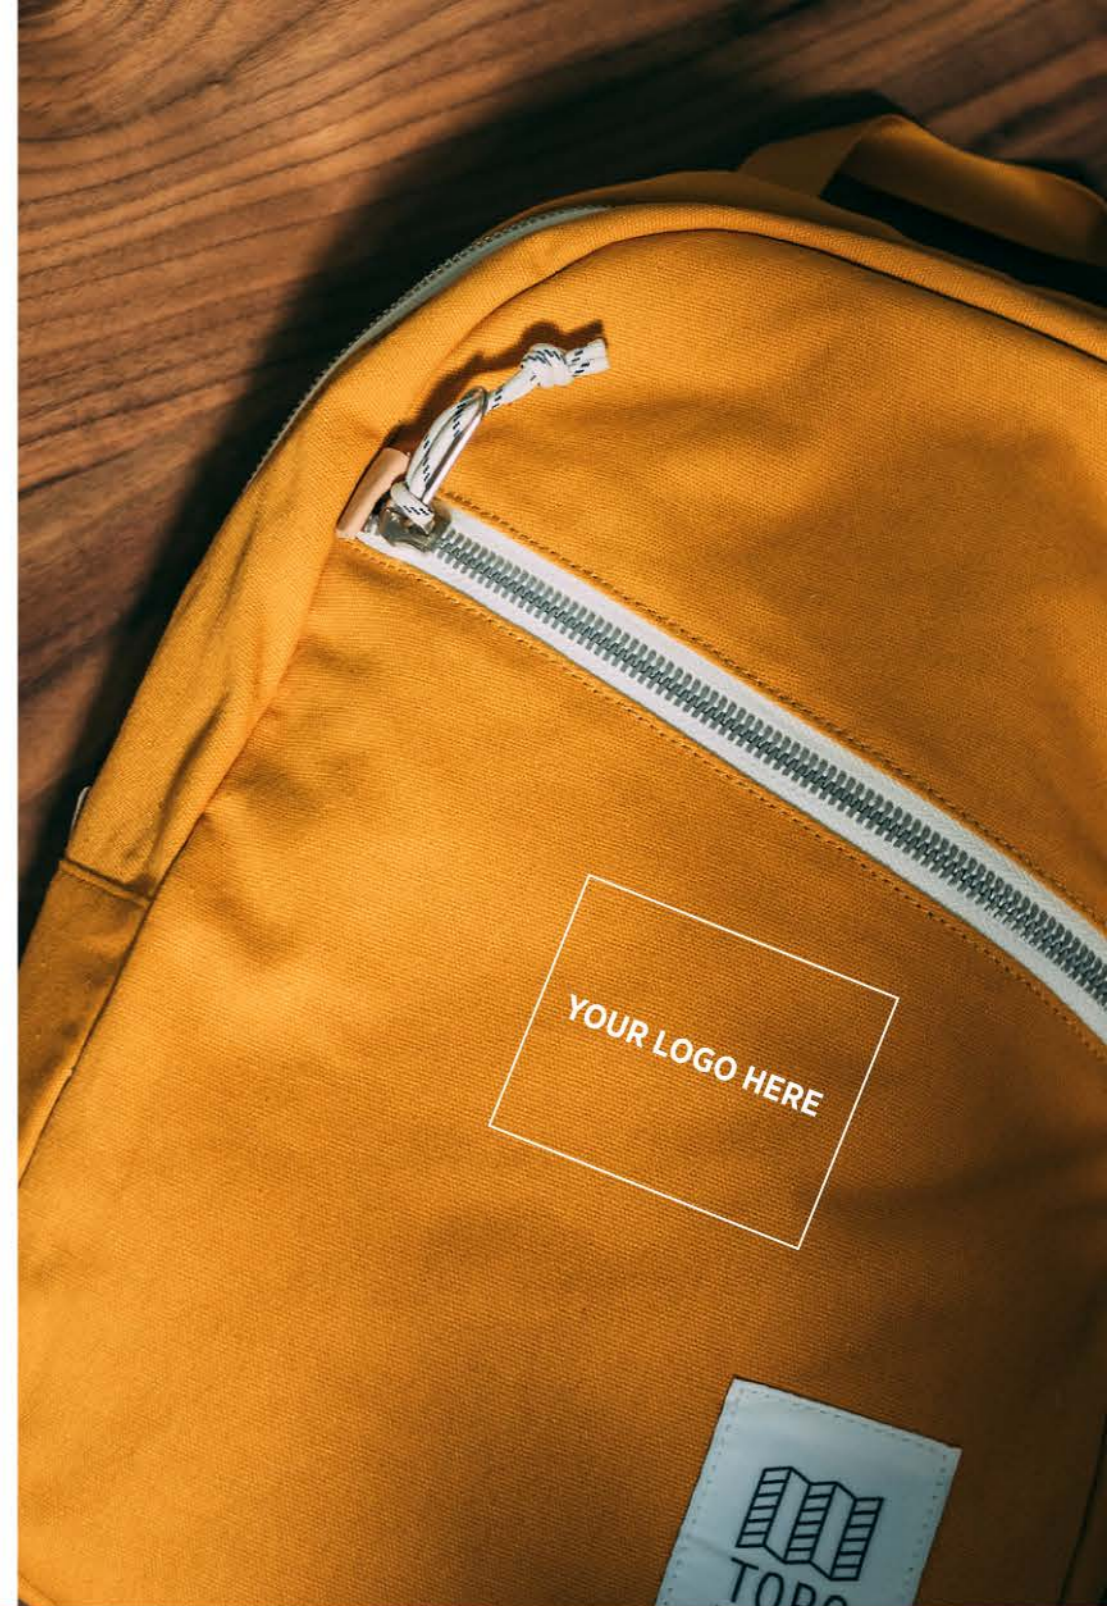

We've all gotten them before. Custom products that weren't designed to last. Stuff that collects dust in the closet, or falls apart after a couple of uses.

Our goal is to change that, with custom gear that stands the test of time. Unique products that will showcase your brand for years to come.

We believe in sustainability through durability, which is why we build our packs and bags with components like high denier nylons, heavy-duty YKK zippers, Cordura® fabrics and rich Horween® leathers.

Our goal over the next 5 years is to reduce the amount of virgin materials we use every season, driving towards a line of packs and bags made completely of recycled materials.

For any questions on our corporate program or sustainability, please reach out to corporatesales@topodesigns.com. We look forward to working with you on creating something special!

FAQs

What products are available for customization?

We offer a range of products for customization, including backpacks, apparel, and small accessory items.

Do you offer bulk discounts on corporate orders?

We offer the following bulk price tiers:

25+ units = 10% off retail

50+ units = 20% off retail

100+ units = 30% off retail

For orders over 250 units, please reach out directly to corporatesales@topodesigns.com for pricing information.

How will my logo be added onto custom products?

We offer 3 styles of customization: embroidery, digital heat transfer, and vinyl transfer. The exact methods available depend on the product selected, and cost ranges from \$10-\$15 per unit.

What is the minimum order quantity for a custom order?

Our MOQ varies from product to product, and ranges between 15-50 units.

What is the lead time for custom orders?

Custom orders are finished 2-3 weeks after digital proofs have been approved.

Will I be able to see a digital proof of my order?

We send over digital proofs for all orders, and we will wait for you to approve the proof before production is scheduled.

What kind of logo file is needed for customization?

Please submit your logo in a high-resolution vector file (AI, SVG, EPS, or WMF). We are able to work with some raster file logos (JPEG, PNG, GIF, APNG), but vector file types are always the easiest to translate into final decorations.

Can I make changes to my order after the order is approved?

Changes cannot be made to an order after the digital proof has been approved. Once customization begins, we are not able to change quantities, logo sizes, or any other elements of the custom product.

Are invoicing terms available for corporate orders?

To apply for invoicing terms, please fill out our credit application ([link here](#)) and return the completed document to corporatesales@topodesigns.com.

I am a tax-exempt organization. How can I submit my documentation?

If you have a tax exempt status, please send your certification to corporatesales@topodesigns.com.

What is the cut-off for Christmas delivery?

Orders placed before November 15th will be delivered before the Christmas holiday. We are not able to guarantee pre-Christmas delivery for orders placed after this date.

A person is sitting on a rocky ledge, wearing a white long-sleeved shirt, white pants, orange socks, and tan hiking shoes. They are holding a brown canvas backpack with a red drawstring top and a red strap. The backpack has a small white label with two vertical lines on the top flap and a larger white label with the text 'TOPO' and 'BY LOCAL' on the bottom flap. The background consists of large, textured rocks.
