DESIGNS

# OUR ROOTS

Growing up in the West, Jedd Rose and Mark Hansen were always interested in spending time outside and finding the right gear for getting out: classic, mountain-inspired carry-all bags and comfortable, functional, wear-it-everywhere apparel. And when they couldn't find what they were looking for—simple, well-designed products like the ones they grew up with—they realized they had two options: compromise or create. Luckily, Jedd and Mark decided on the latter, and Topo Designs was born.

Our origin story is evident in every one of our pieces. Each product we make is unmistakably—and unapologetically—Topo Designs: the pairing of classic styling and our core color palette, a mix of the high-quality, durable gear we use and love every day, inspired by heritage outdoor styles, classic military shapes and our Western roots.

## MAP GUARANTEE™

We build products that stand the test of time and work anywhere on your map. Wherever you're headed, we guarantee that everything we make will go out and come back in one piece, year after year.

The MAP Guarantee is our commitment to you, and to the quality of our products. We offer a lifetime warranty on all bags against defects in materials and workmanship. We also offer a limited warranty on our apparel to cover problems with the material or workmanship. If you're not ready to let go of a well-loved piece, we offer a repairs program to fix up old favorites.

# DESIGN

It's in our name for a reason. Everything we do—every sketch, snap, button, shank, rivet, zipper, paracord loop, double-layer, triple-stitch, cover stitch, lock stitch, pattern, cinch cord, bar tack, gusset, lining, pocket, cuff, collar, brim, buckle, sleeve, hem, yoke, pull tab, storm flap, thread color, lab dip, belt loop, vent, care label, pleat, dart, zip pull and lash tab is the result of (many) conscious design decisions.

Our attention to detail and design is what make our products functional and versatile enough to fit into your life and stay there.

# SUSTAINABILITY

As a brand, we know it's our responsibility to make sure every step of our manufacturing process is as sustainable as it can be. Our holistic approach to sustainable manufacturing can be summed up by our focus in three key areas: environmental impact, durability, and social ramifications.

## **Environmental impact:**

We practice responsible sourcing and manufacturing, carefully monitoring factors like energy use, waste and chemicals to ensure that the impact we leave on communities—and the earth—is as positive as possible. We work with sustainability-minded manufacturing partners who use green-based chemicals and efficient dyeing techniques to ensure our products, and our process, are advancing with developments in eco-friendly technology.

## **Durability:**

We believe in sustainability by durability. By building products to be tough enough to withstand years of wear and offering our MAP Guarantee™ to repair, rather than replace, gear that has been loved a little too hard, we're able to reduce waste at the individual consumer level.

## **Social ramifications:**

All of our local and international manufacturing partners adhere to Fair Labor guidelines and maintain certifications and best practices needed to fully support our expectations as they relate to the health and well-being of our partner workers.

# Customized gear, sustainably made.

We've all gotten them before. Custom products that weren't designed to last. Stuff that collects dust in the closet, or falls apart after a couple of uses.

Our goal is to change that, with custom gear that stands the test of time. Unique products that will showcase your brand for years to come.

We believe in sustainability through durability, which is why we build our packs and bags with components like high denier nylons, heavy-duty YKK zippers to stand the test of time.

Our goal over the next 5 years is to reduce the amount of virgin materials we use every season, driving towards a line of packs and bags made completely of recycled materials.

For any questions on our corporate program or sustainability, please reach out to [corporatesales@topodesigns.com](mailto:corporatesales@topodesigns.com).

We look forward to working with you on creating something special!

# FAQs

## **What products are available for customization?**

We offer a range of products for customization, including backpacks, apparel, and small accessory items. If you see something you like that's not in the catalog, send us an email at [corporatesales@topodesigns.com](mailto:corporatesales@topodesigns.com).

## **Do you offer bulk discounts on corporate orders?**

We do! Please reach out to [corporatesales@topodesigns.com](mailto:corporatesales@topodesigns.com) with your requested item, qty, and timeline and we can provide a quote.

## **How will my logo be added onto custom products?**

We offer 4 styles of customization: embroidery, digital heat transfer, vinyl transfers, and patches. The exact methods available depend on the product selected, and cost ranges from \$12-\$15 per unit.

## **What is the minimum order quantity for a custom order?**

Our MOQ is 25 units.

## **What is the lead time for custom orders?**

Custom orders are finished 2-4 weeks after digital proofs have been approved, depending on the size of the order.

## **Will I be able to see a digital proof of my order?**

We send over digital proofs for all orders, and we will wait for you to approve the proof before production is scheduled.

## **What kind of logo file is needed for customization?**

Please submit your logo in a high-resolution vector file (AI, SVG, EPS, or WMF). We are able to work with some raster file logos (JPEG, PNG, GIF, APNG), but vector file types are always the easiest to translate into final decorations.

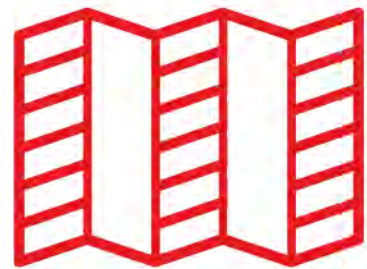

## **Can I make changes to my order after the order is approved?**

Changes cannot be made to an order after the digital proof has been approved. Once customization begins, we are not able to change quantities, logo sizes, or any other elements of the custom product.

## **I am a tax-exempt organization. How can I submit my documentation?**

If you have a tax exempt status, please send your certification to [corporatesales@topodesigns.com](mailto:corporatesales@topodesigns.com).
