

Eyebrow Permanent Makeup AFTERCARE

THE ULTIMATE GUIDE TO KEEP YOUR PERMANENT MAKEUP RESULTS FOR LONGER

FIRST 24 HOURS AFTER APPLICATION

Avoid getting your eyebrows wet for 24 hours

Do not rub or scratch your eyebrows

Sleep on back or side

Avoid exposure to excessive heat or steaming

Don't apply any products such as makeup, face cream or oils

Do not apply Retin-A, AHA, and do not exfoliate the brow area

Avoid direct shower spray on the healing area

Do not swim in fresh, salt, or chlorinated water

Avoid hair removal on the healing area

DAY 2 UP TO 14 DAYS

Wash the area gently with a cleanser (do not use cleansers with acids or exfoliants)

Do not rub or scratch your eyebrows

Sleep on back or side

Avoid exposure to excessive heat or steaming

Don't apply any makeup until the area is healed.

Do not apply Retin-A, AHA, and do not exfoliate the brow area

Avoid direct shower spray on the healing area

Do not swim in fresh, salt, or chlorinated water

Avoid hair removal on the healing area

ONGOING AFTERCARE ROUTINE

Use conditioning eyebrow serum twice daily

Use sunscreen to protect your eyebrows from prolonged sun exposure

If a touch-up is required, the appointment can be scheduled 4 weeks after the procedure.
