

OFFICE STAR OPTIONS

Please note: Some options are not available on all models

(click any picture to enlarge)

2-Way Adjustable Arms (07)

These armrests are both width and height adjustable to fit many task or drafting chairs.

Floor Glides (CG50)

Used for stationary situations. Constructed of black urethane and inserted easily into the five star base.
Sold only in a set of 5.

Soft Wheel Casters (SW70)

Used in place of standard wheel casters for hardwood or tile floors. Easily inserted into the five star base.
These casters do not make as much noise or "skate" around as easily on harder surfaces.
Sold only in a set of 5.

18" Chrome Footring Kit (SK1)

18" diameter adjustable chrome footring and 7.5" extension tube.

19" Nylon Footring Kit (SK5)

19" diameter adjustable black nylon footring and 7.5" extension tube.
